**WAR ECONOMY  
IN SOCIETY.**  
Belles of Baltimore Decide  
to Cut Extravagance in  
Functions.  
(BY A. P. NIGHT WIRE.)  
BALTIMORE (Md.) Nov. 18.—  
Thirty-four of the debutantes  
who will make their bows to  
Baltimore society within the  
next few weeks have signed an  
agreement which insures an ab-  
sence of rivalry in elegance in  
their respective social functions  
and pledges the signers and  
their families to refrain from  
extravagance in entertainments.  
Announcement was made today  
"in view of the widespread  
misery caused by the war, the  
debutantes have agreed that the  
entertainments to be given by  
them will be free from extrava-  
gance."

of Military Governor  
at Kiaochow.**  
**Associated Press Reporter  
Reveals why Waldeck  
Surrendered.**  
(BY PACIFIC CABLE AND DIRECT WIRE. EXCLUSIVE  
DISPATCH.)  
SYDNEY, Nov. 18.—The following  
official statement was issued by G.  
F. Pearce, Minister of Defense of  
the Commonwealth, today:  
"The Japanese government has in-  
timated to the British government  
that it is ready to hand over the  
Marshall and other German islands in the  
Pacific, temporarily occupied by the  
Japanese, to an Australian force. The  
British government has informed the  
Japanese government of its intention  
to act on the offer. Accordingly,  
a special Australian force will be  
dispatched to the islands and remain  
in occupation until the termination  
of the war, when the matter of the  
ultimate disposal of the islands will  
be a question for consideration by the  
allied powers. It is necessary, as  
the Federal government will have the  
responsibility for the occupation of the  
islands, that not only the question of  
military occupation, but also such  
matters as trade, food supply and  
postal and commercial affairs should  
be investigated and organized. Com-  
mander Felthambridge will accompany  
the force to make the necessary ar-  
rangements."

Vice-Admiral Yamaya.  
The illustration shows the commander of the first Japanese fleet, Vice-Admiral Yamaya's flagship and the islands  
in the Pacific wrested by Japan from the Germans.

**Don't Involve Us in  
the Great War.**  
**Wilson's Dispatch to the  
Cruisers at Smyrna are  
Duly Interpreted.**  
**Administration Amazed by  
Act of Turks Who Fired  
at Our Flag.**  
**Ottoman Government will be  
Asked to Explain the  
Episode.**  
(BY A. P. NIGHT WIRE.)  
WASHINGTON, Nov. 18.—The  
United States government has  
directed Ambassador Henry  
Morganthau at Constantinople to  
ask the Ottoman government for an  
explanation of the firing by Turkish  
land forces at a launch from the  
American cruiser Tennessee proceed-  
ing from Vourla to the American  
Consulate at Smyrna, Asia Minor.  
Secretary Daniels, with the ap-  
proval of President Wilson, simultane-  
ously called the commanders of the Ten-  
nessee and the North Carolina, also  
in the Mediterranean, to take no ac-  
tion which might embarrass the  
American government, and to await  
specific instructions from Washington  
concerning the general situation.  
These steps followed the receipt of  
a message from Capt. Benton C.  
Decker, commander of the Tennessee,  
which was paraphrased in this state-  
ment from the Navy Department:  
"Capt. B. C. Decker, in command  
of the Tennessee, wired Secretary  
Daniels this morning that while pre-  
ceding from Vourla to Smyrna to  
make official calls, a boat was fired  
at. Consul was anxious for safety of  
Consulate. Tennessee proceeded to  
and left Vourla at request of Ambassa-  
dor and is now anchored in the  
harbor of Selin (Chios) Greece, from  
which Capt. Decker's telegram was  
sent. Secretary Daniels wired for  
fuller information."  
Although without definite details as  
to just what occurred, high officials  
of the Washington government had  
no doubt that the incident, no matter  
where the responsibility lay, would be  
promptly adjusted through diplomatic  
channels. President Wilson is deter-  
mined that under no circumstances  
shall the United States be involved in  
war with Turkey. If the Turkish offi-  
cers acted without the authority of  
the Ottoman government and the fir-  
ing was not justified by naval proce-  
dure in a closed port, it is confident-  
ly believed here that the Ottoman  
government will render apology.  
On account of the slow cable  
communication from Constantinople  
through the only available routes—  
Roumania, Rumania, Austria and Italy  
—no message concerning the incident  
came from Ambassador Morganthau,  
his last dispatches dated November  
16 arriving only today. They were of  
a routine character.

**Attack by Zapatistas  
Expected.**  
—GEORGE ADDISON HUGHES,  
—(REUTERS WIRE—EXCLUSIVE DISPATCH.)  
MEXICO CITY, Nov. 18.—  
Maj. Gaston de Prida, act-  
ing official censor of the De-  
partment of Communication in  
place of Senor Rolland, and  
Minister of Communi-  
cation, has issued a declara-  
tion stating that the last of  
October's Cabinet would leave  
Mexico tomorrow. Prida  
announced that Gen. G.  
Gonzalez at Queretaro to-  
day in an attempt to ar-  
rive an armistice with Villa's  
army. While Iglesias Calderon  
continued peace parleys, and  
started north alone  
with a white flag in an effort to  
bring about a truce.

**TEN LOSE LIVES  
IN SCHOOL FIRE.**  
**INSTRUCTOR, GUARD AND EIGHT  
BOYS ARE VICTIMS AT  
MARIANNA, FLA.**  
(BY A. P. NIGHT WIRE.)  
MARIANNA (Fla.) Nov. 18.—Ten  
persons were burned to death here  
today when fire destroyed the main  
building of the Florida Reform  
School. Nearly a hundred boys es-  
caped by climbing through a skylight  
and down the sides of the three-story  
building on fire escape.  
The dead are:  
Bennett Evans, instructor in car-  
pentry.  
Charles Evans, guard, and the fol-  
lowing boys: Earl Morris, Joseph  
Weatherbee, Clifford Giffords, Louis  
Haffin, Louis Fernandez, Walter  
Fisher, Waldo Drew and Clarence  
Farrott.  
According to a statement tele-  
graphed to Gov. Trammell tonight  
by Acting Superintendent William  
Bell, all fire escape doors in the sec-  
tion where deaths occurred were  
locked when the fire was discovered.  
Gov. Trammell has telegraphed Presi-  
dent W. H. Miller of the board of  
directors of the school, asking for an  
investigation.  
The fire is thought to have been  
caused by the explosion of an oil lamp  
on the first floor.

**TO NAME KAMIO  
MILITARY GOVERNOR**  
**BY WILLIAM H. GILES.**  
(BY PACIFIC CABLE AND DIRECT WIRE. EXCLUSIVE  
DISPATCH.)  
PEKING, Nov. 18.—Gen. Kamio  
will be appointed military governor  
of Kiaochow by the Japanese gov-  
ernment, but the appointment of a  
civil governor has not been settled.  
The Japanese will have charge of the  
customs temporarily. Two military  
administrations will operate, one at  
Tientsin-Tao and the other at Loo-  
chow. The head of Kiaochow Bay. Officials  
of the South Manchurian Railway will  
manage the Shantung railways until  
order is restored.  
Only official and former residents  
possessing title deeds to property will  
be permitted to enter. Others must  
wait for a special proclamation de-  
claring the territory open. The Jap-  
anese officials say that the port of  
Tientsin-Tao will be opened to general  
shipping as soon as the sea is made  
free from mines.

ico City, and a large army is awaiting his  
coming at Queretaro.  
Tucson automobile man is killed by  
Yaqui soldier at Nogales, Sonora.

**WHY GOV. WALDECK  
GAVE IN TO ALLIES.**  
(BY PACIFIC CABLE.)  
PEKING, Nov. 18.—Ting-tao was  
no longer defensible when the Ger-  
mans surrendered it to the Japanese,  
according to a correspondent of the  
Associated Press, who was in Tien-  
ting-tao through and who arrived here  
today. His delay in reaching Peking  
was due to the Japanese holding him  
in Tien-tai after his fall as a method of  
ransom.  
At the time of the capitulation, the  
Japanese artillery had shelled the  
trenches and the infantry were on  
the brink of them. When the shelling  
ceased the Germans looked out upon  
bayonets and the muzzles of machine  
guns.  
Where the Japanese broke the line  
they crossed over the dead and  
wounded in drydock, and all their  
cannon and military stores.  
The German losses were 170 killed  
and 1,000 wounded. The Japanese  
lost 100 men and 1,000 wounded.  
The Japanese and British actually  
engaged in the land attack numbered  
respectively approximately 17,000 and  
15,000. The Germans had 3800 men.  
The conduct of the Japanese was  
admitted by the Germans to have  
been conspicuously considerate  
throughout the siege.

**THE GREAT WAR.** The Situation  
to Date: Capt. Decker warned to  
not to Smyrna to embroil America  
in war with Turkey.  
British transport reported to have been  
sunk by the Germans off Valparaiso.  
Violent battle in Flanders.  
Germans and Austrians halt in their  
retreat to give battle to the Russians in  
Poland, Galicia and East Prussia.  
Petrograd reports battle of unex-  
pected violence at Soldau.  
**COMMENT ON THE SITUATION.**  
In the eastern section of Europe  
the fighting has assumed more the  
form of field operations, while in  
France and Flanders the "great war"  
has eventuated into the siege of the  
trenches. Desperate fighting contin-  
ues to be reported every day, if not every  
hour, but what of it? Nothing has  
been accomplished as yet. Even the  
official communiques agree. At Sol-  
dau the Russians report a battle of  
"unexpected violence." Which sug-  
gests that probably the Russian pe-  
ters did not give accurate accounts of  
the battles of the Marne and the  
Aisne. In the Pacific, Japan has of-  
fered to give England all the German  
islands she has taken. And England  
will send Australian troops to take  
possession of them.

**BAQUET FOR THE JAPS.**  
**Fair Commissioners Entertained by  
American Ambassador on Eve of  
Their Departure for San Francisco.**  
(BY PACIFIC CABLE.)  
TOKIO, Nov. 18.—George W. Guthrie,  
the American Ambassador, gave a  
luncheon today in honor of the Jap-  
anese Panama-Pacific Exposition com-  
missioners, who are to sail for San  
Francisco on November 21. Unfalter-  
ing friendship and peace between the  
two countries, and the development of  
their commerce and mutual interests,  
was the keynote of the speeches made  
by Mr. Guthrie, Viscount Kanetake  
Gura, president of the commission,  
and Haruki Yamawaki, a leading  
member of the commission.

LAW IS QUARANTINED.**  
Bugs Health Officer to Let Him  
Out, but is Sent Copy of His  
Own Regulations Providing Heavy  
Penalties for Violations of the  
Regulations.  
(BY A. P. NIGHT WIRE.)  
SACRAMENTO, Nov. 18.—"What's  
good for the goose is good for the  
gander," are the only words of con-  
solation the State health officials can  
extend to Dr. S. A. Sawyer, bacteriolo-  
gist of the State hygienic laboratory,  
who is quarantined in his home in  
Berkeley, for diphtheria.  
Sawyer is responsible for the rigid  
and unbending State quarantine laws  
passed during the recent administra-  
tion. He dilated upon the necessity of  
quarantining in all cases of contagious  
malady.  
The unpleasant restrictions of  
quarantine have come to rest upon  
his own hearthstone, he has taken a  
different view of the affair and would  
have "intervention" in his behalf. Dr.  
Sawyer has urged Dr. Donald H. Currie,  
secretary of the State Board of  
Health, to intervene with the Alameda  
County Health Officer for a lenient  
toward leniency.  
Dr. Currie, in answering Dr. Saw-  
yer's request, sympathized with him  
in his misfortune, but enclosed a copy  
of the sick man's quarantine law with  
pencil marks under those phrases  
which provided heavy penalties for  
anyone who violated any of the pro-  
visions of the quarantine.  
Dr. Sawyer is not seriously ill.

**GERMANS BOMBARD LIBAU;  
RUSS SHELL TREBIZOND.**  
(BY ATLANTIC CABLE AND A. P.)  
PETROGRAD, Nov. 18.—The fol-  
lowing statement was issued this  
evening by the General Staff of  
the Russian army:  
"On the morning of November 17  
a German squadron of two cruisers,  
ten torpedo boats and several other  
steamers appeared before Libau. The

**KAISER STAKES HIS ALL  
ON BATTLE IN POLAND.**  
**Fate of Germany's Whole Adventure Believed to Rest  
on Outcome, Finest Troops Having Been Brought  
from France to Strike for Liberty or Death in Great  
Struggle Now Pending.**  
(BY ATLANTIC CABLE AND A. P.)  
LONDON, Nov. 19, 2:50 a.m.—The  
Post's Petrograd correspondent  
says:  
"Emperor William is staking his all  
upon the great battle in Poland.  
He has brought his finest troops from  
France, borrowed the best cavalry,  
namely, the Hungarian horse, de-  
pleted his garrisons by moving them  
wherever possible, and now strikes

ture."  
**NEW PHASE OF WAR.**  
(BY ATLANTIC CABLE AND A. P.)  
LONDON, Nov. 18.—A Petrograd  
dispatch to the Daily Telegraph says:  
"The battle now being fought in  
the northwest corner of Poland may  
be regarded as possibly the most crit-  
ical yet fought in the Russian cam-  
paign, and although little informa-  
tion is obtainable, it looks as though  
the victorious Russian advance has  
suffered a check, as it is evident the  
German counter-attack has compelled  
the Russians to concentrate a consid-  
erable distance to the rear of the line  
reached by their right flank."  
"One of the ablest critics, in the  
Army Messenger, admits that a new  
phase of the war has opened which

**WILSON FUZZLED.**  
With the navy's message as the  
only basis for judgment, President  
Wilson and administration officials  
were considerably puzzled over the af-  
fair. The President telephoned Sec-  
retary Daniels several times during the  
day and also discussed the situation  
with Acting Secretary Lansing.  
Two suggestions were advanced  
by high officials, although they ad-  
mitted that their views were purely  
speculative. The first, they thought,  
probably was a friendly one giving  
the customary warning by a single  
shot signifying to the Tennessee's  
launch that the port of Smyrna was  
mined or closed, or else the boat was  
turned back because it attempted to  
enter without previous arrangements  
having been made with the Turkish  
authorities. Officials of the govern-  
ment declined to believe that the fir-  
ing was an unfriendly or hostile act.  
Assurances given by the Porte have  
repeatedly pledged protection and the  
closest friendship for American citi-  
zens. However, when the American  
warships first went to Turkey to pro-  
tect American interests and deliver  
gold for the relief of missionaries,  
Turkey was at peace. Since then the  
United States has taken over the dip-  
lomatic interests of Great Britain and  
France, with whom the Porte is at  
war—a circumstance that is fraught  
with delicate responsibilities.  
"HOLY WAR."  
Efforts on the part of some of the  
Mohammedan leaders in Turkey to  
start a "holy war" have made Ameri-  
can and as well as British French  
subjects apprehensive. The American  
Consul at Smyrna reported his fears  
to Ambassador Morganthau, under  
whose instructions the two warships  
have been moving about in Turkish  
waters for the salutary effect their  
presence might have on local Turkish  
officials. Twice the Ottoman govern-  
ment has given the United States  
warning that the port of Smyrna  
was mined, and for this reason the  
Tennessee, it is understood, stood off  
Vourla, ten miles away, where her  
launch started for the shore to in-  
vestigate conditions at the Consulate.  
**LAW ON THE SUBJECT.**  
Regardless of whether Smyrna is  
a closed port, under the regulations  
of the United States Navy Capt.  
Decker would be justified in seeking  
to enter the harbor to ascertain the  
facts with reference to the Ameri-  
can Consulate and its citizens. Arti-  
cle 1848 of the regulations reads:  
"On occasions where injury to the  
United States or to a citizen thereof  
is committed or threatened in viola-  
tion of the principles of international  
law or treaty rights, the commander  
(Continued on Second Page.)

## SERBIANS ARE DEFEATED; MANY GUNS CAPTURED.

### Concentrate Three Divisions to Repel Advance of Austrians.

German Victory at Kutno Begins Already to Influence Situation in Eastern War Theater—Fierce Battle is Now Proceeding in Vicinity of Soldau. Alien Subjects Expelled from Frankfort.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Nov. 18.—The following wireless dispatch was received tonight from Berlin by the Marconi Wireless Telegraph Company:

"In the latest fighting against the Serbians the Austrians captured forty-two guns and thirty-one machine guns. After three days fighting the Austrians defeated the Montenegrins near Prabovr. The Serbians are now concentrating three divisions in fortified positions south of Belgrade.

"It is reported that Armentieres, France, has been bombarded.

### AUSTRIANS TAKE RUSSIAN PORTS.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 18.—The German Embassy here today issued the following statement:

"The German victory at Kutno begins already to influence the whole situation in the eastern war theater; Austrians advancing from Cracow yesterday took the fortification line of the enemy to the north from the frontiers of the empire. One of our regiments took 500 prisoners and captured two detachments of machine guns.

"In Serbia our victorious armies crossed the River Kulebra, pursuing the enemy.

"Japan, up to the present, has treated her prisoners excellently. According to reliable private news from Hongkong, however, the German prisoners there complain bitterly. They are publicly forced to clean streets and sewers. Reports from Harbin confirm the same. German-Austrian prisoners passing through there on their way to Eastern Siberia. They are in rags, without shoes and stockings, and no care is taken of sick prisoners. They are compelled to pay for food and insufficient food."

### FIERCE BATTLE AROUND SOLDAU.

(BY ATLANTIC CABLE AND A. P.)

PARIS, Nov. 18.—A dispatch received here from Petrograd by the Havas Agency is as follows:

"A terrific battle of unexampled violence has been proceeding for four days around Soldau. The cannonading has been maintained night and day. The Russian army has sustained any cost to avenge their check at Soldau, and are throwing themselves at the Germans with indescribable fury. They have turned the ground into a quagmire, the Russians are advancing toward the interior of Germany.

"The German army is offering a most energetic resistance and their fighting is alternately offensive and defensive. In spite of the torrential rains, which have turned the ground into a quagmire, the Russians are advancing toward the interior of Germany.

### CZAR'S FORCES TAKE TRENCHES.

(BY ATLANTIC CABLE AND A. P.)

PETROGRAD, Nov. 18.—The following official communication from

Analytic.

### GREAT CHANCE FOR ALLIES TO SHOW THEIR METTLE.

BY AN ASSOCIATE EDITOR OF "THE ARMY AND NAVY JOURNAL"

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK BUREAU OF THE TIMES, Nov. 18.—The German attacks near Dixmude and Ypres seem to have at last spent their force. In this district every move is now checked by the soft mud of the fields and conditions are almost intolerable. An appreciable advantage that the Germans would gain if they could push the allies back toward Dunkirk would be the shift of the battle area to higher ground, where the artillery could be used to better advantage.

The developments in Poland show that Germany is gathering in every possible man for a new aggressive move against the Russians. The lines in Belgium and France must then be deprived of reinforcements until the Polish campaign has been pushed to its conclusion. This would seem by all means to be the time when an aggressive campaign by the allies would produce its greatest results. Unless the allies keep the Germans busily engaged, a westward move by the latter will be able to shift their troops to west to launch a powerful attack upon some part of the line in France. The allies now have ample numbers. In fact, they must outnumber the Germans in this theater by five to four. Their small arms and equipment have by now been completely provided. The explanation for their delay would seem to lie in their lack of the heavy artillery that has proved necessary for a campaign against entrenched positions. The ordnance shops of France and Great Britain have undoubtedly been working to make guns of this type with the greatest speed possible. But such guns cannot be manufactured in a few weeks. Though the allies have already had three months in which to supply this need, ordnance, it will probably take them at least a month before the first batteries arrive at the front in sufficient numbers to warrant the initiation of the long-deferred aggressive campaign.

### EAST PRUSSIA.

In East Prussia the Russians are

general headquarters was issued tonight:

"Between the Vistula and the Warta our advance guards in an engagement with the Germans who took the offensive fell back in the direction of Bzourie. The enemy succeeded in gaining a footing in the region of Lentchitz (Lenczyca) and Orloff, throwing out advance guards in the direction of the Piontze near Prabovr. In East Prussia our troops continue to make progress and fighting is going on near the Gumbinnen-Angerburg front, which the enemy is defending.

"In the trenches which we captured near Varschleben, the enemy abandoned more than 300 dead. Among the officers whom we took prisoner here was an artillery officer sent to the infantry because of a lack of officers for that branch.

"On the front along the Masurian lakes our troops reached the wire entanglements of the enemy's position and forced them.

"On the front between Czenstochowa and Cracow we have attacked important forces of the enemy, detachments of which, operating at Lodovitz, were routed.

"In Galicia we have occupied successfully the passes over the Carpathians.

"In the Black Sea our fleet has bombarded the barracks and radio telegraph station at Trebizond."

### EXPULSION OF FROM FRANKFORT.

(BY ATLANTIC CABLE AND A. P.)

BERLIN (via The Hague and London) Nov. 18.—The expulsion of all subjects of countries hostile to Germany from the city of Frankfort on the Main, reference to which was made recently, resulted from an order by the Chief of the General Staff of the army.

This order was made public today and according to it the subjects of hostile countries, without distinction of rank or sex, must leave the city, islands and places along the Baltic Sea and Kiel Canal. In this connection the Tagliche Rundschau says:

"We hear from a well-informed source that further and sharper measures along this line will be taken in the immediate future.

"From Russia we hear that resident Germans in this paper continue, 'are obliged to live in the most strict isolation. This information is found to be correct. Germany will retaliate by placing all Russian subjects in Germany in concentration camps.

"Against the British system of imprisoning German women, we have protested to London in a way through neutral powers. Whether Germany will be obliged to retaliate against all Russian subjects residing in Germany will depend upon the outcome of these negotiations."

### THE AUSTRIAN LOAN.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Nov. 18.—A dispatch from Vienna, transmitted to London by the Associated Press, says that the Austrian loan has been authorized by the Reichsrath and the Emperor Francis Joseph of Austria has subscribed 5000 crowns (\$1,000,000) to the Austrian war loan.

The Berlin Lokal Anzeiger authoritatively reports that the Duke of Brunswick has been reported, is a prisoner or is missing.

Analytic.

### GREAT CHANCE FOR ALLIES TO SHOW THEIR METTLE.

BY AN ASSOCIATE EDITOR OF "THE ARMY AND NAVY JOURNAL"

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK BUREAU OF THE TIMES, Nov. 18.—The German attacks near Dixmude and Ypres seem to have at last spent their force. In this district every move is now checked by the soft mud of the fields and conditions are almost intolerable. An appreciable advantage that the Germans would gain if they could push the allies back toward Dunkirk would be the shift of the battle area to higher ground, where the artillery could be used to better advantage.

The developments in Poland show that Germany is gathering in every possible man for a new aggressive move against the Russians. The lines in Belgium and France must then be deprived of reinforcements until the Polish campaign has been pushed to its conclusion. This would seem by all means to be the time when an aggressive campaign by the allies would produce its greatest results. Unless the allies keep the Germans busily engaged, a westward move by the latter will be able to shift their troops to west to launch a powerful attack upon some part of the line in France. The allies now have ample numbers. In fact, they must outnumber the Germans in this theater by five to four. Their small arms and equipment have by now been completely provided. The explanation for their delay would seem to lie in their lack of the heavy artillery that has proved necessary for a campaign against entrenched positions. The ordnance shops of France and Great Britain have undoubtedly been working to make guns of this type with the greatest speed possible. But such guns cannot be manufactured in a few weeks. Though the allies have already had three months in which to supply this need, ordnance, it will probably take them at least a month before the first batteries arrive at the front in sufficient numbers to warrant the initiation of the long-deferred aggressive campaign.

### EAST PRUSSIA.

In East Prussia the Russians are

## WAR ORPHANS SUFFERING FROM SNOW AND RAIN.

Coming of Winter Adds to Misery of Children Whom Plan of Los Angeles "Times" and Chicago "Tribune" is Designed to Assist—Belgian Minister Gives His Approval to the Project.

BY HENRY M. HYDE.

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

CHICAGO BUREAU OF THE TIMES, Nov. 18.—Today it is snowing in Belgium. It is snowing, not only along the long battle trenches, but miles north of them on the great piles of broken masonry and fire-blasted ruins which last July were happy Belgian homes and thriving Belgian towns and factories.

Winter is shutting down, too, in East Prussia, where cities and towns have been driven from their homes.

Cold weather, with bitter winds and driving, icy rain, has come to the ruined towns and farmsteads of Northern France south of the battle lines.

Six million soldiers, hiding in the deep and muddy trenches, are suffering from cold. But their governments are rushing them clothing, mittens, mufflers and coats to their relief.

With empires hanging on the issue of war, the great governments of Europe are too busy to devote like attention to the women and children.

FEEDING THREE MILLIONS.

On the first day of November the Belgian Relief Committee, working out of Brussels, was feeding 3,000,000 destitute people in the country around about. Each of the women and children in all the district was given every morning three ounces of flour and a pinch of salt. Those were the only supplies available for three weeks.

In the province of Zealand, Holland, which has a population of 3,000,000, more than 400,000 Belgians are living on the bounty of the people; who themselves are in financial distress.

Since then millions of dollars have been subscribed to relief funds in the United States, in England and elsewhere. Ships loaded with food and clothing and with toys have been sent across the ocean to be distributed.

Now comes winter. No one can foresee which way or to what extent the great armies will sweep their devastating way across the land. In a week, or two, towns already ruined, into which women and children and old men have crept back for refuge, may be swept again by shells and charging soldiers.

Already it is reported one-quarter of the men in the Belgian army have been killed or wounded.

TYPICAL CASE.

Here is one story, taken from a foreign paper:

"I am 16 years old. Last week my only son was killed in battle. Since the war began, his wife has died of pneumonia. They leave four children, the oldest a boy of 4. I will keep him, but I cannot support them all. Our house is burned and there is no one left but me. Now it is almost winter."

It is such children as these that no plan but that of the Tribune and Los Angeles Times war orphan movement seems calculated to save from hunger, cold and death. They cannot be kept in their native land, because their parents have been killed or wounded. They have no parents and no other army will sweep back over the country. They have no parents and no other army will sweep back over the country. They have no parents and no other army will sweep back over the country.

They are already lost to their native land. The question is whether

Rumor.

## BRITISH TRANSPORT SUNK, SAYS REPORT FROM CHILE.

BY PACIFIC CABLE.

VALPARAISO (Chile) Nov. 18.—There are persistent rumors here that the British transport Crown of Galicia has been attacked by German cruisers and been sunk. It is not stated whether the vessel was sunk by her own crew or by the Germans.

The crew of the transport, it is said, was saved and will be landed at Valparaiso by the German steamer Rhakoth of the Kosmos line.

The Crown of Galicia was a steamer of 4921 tons. She was built in 1906 and belonged to the Crown Steamship Company.

## Warning.

(Continued from First Page.)

In-chief should communicate with the diplomatic representatives or Consul of the United States and take such steps as the gravity of the case demands, reporting in, actually to the Navy all the facts."

This regulation would practically oblige Capt. Decker to communicate with the American Consul at Smyrna before he had learned that the consular was in danger, using his launch if necessary, regardless of whether the port was closed by the Turkish officials.

Under article 1647, giving the duties of a naval commander in such a situation, the statement is made that while it is illegal to use force against a foreign and friendly state, "the right of self-preservation is a right which belongs to the states as well as to the individuals and includes the protection of the state, its honor and its possessions."

It is pointed out that the lives and property of its citizens against arbitrary violence, against or impending, whereby the state or its citizens may suffer irreparable injury."

That Capt. Decker did not persist in his attempt to enter Smyrna was in accordance with the instructions of the Ambassador, who, it is presumed, thought it advisable to withdraw his ship until a better understanding could be reached on such points as had arisen. It is believed that the Consul was in grave danger. The Tennessee never would have left for Crete waters.

The orders to both the commanders of the Tennessee and North Carolina to refrain from taking any steps that might embarrass the Washington government until specific instructions could be given, followed careful consideration here of the wide latitude which articles 1646 and 1647 of the navy regulations give to naval officers.

Both the President and Secretary Decker have abundant confidence in Capt. Decker, the following statement about him being issued today by the Navy Department:

"Capt. Decker, now commanding the United States steamship Tennessee in Turkish waters, is an officer with an excellent record during the service of twenty-seven years, since graduation from the Naval Academy, to which he was appointed in 1885. He has had considerable experience in duty similar to that which he is now performing in Turkish waters. He was in command of the United States scout cruiser Chester during the war between Italy and Turkey."

"During the war the Chester spent considerable time in Tripoli waters looking out for the interests of American citizens and property. He was promoted to captain in 1912, and was ordered to duty on the staff of the naval war college from which duty he was detached to command the Tennessee in August, last, when that vessel was sent to Europe for the relief of distressed Americans in the war zone."

One effect of the incident is generally believed in diplomatic circles here, will be to emphasize the Porte the anxiety of the United States for the safety of its subjects in Turkey. Conditions have been uncertain for many months, even before Turkey entered the war. Ambassador Morgenthau has sent consular reports relating to the situation in the Levant for emergency.

Before Turkey entered the war England and France signified their hope that the Tennessee and North Carolina would be sent to the protection of Christians, as they did not want to send their own vessels for fear of aggravating the already tense situation between the Triple Entente and the Porte.

Since the outbreak of hostilities some Turkish officials have threatened to execute three English or French subjects for every Muslim killed in bombardments by the fleet of the allies on fortified towns. Americans have feared that if such a threat should be carried out on account of their similarity of speech and appearance they might be thrown into danger. It is feared in some quarters, too, that the Turks may not appreciate the diplomatic responsibilities resting upon American Consuls in caring for British and French subjects, and that complications may come in this connection.

Administration officials are absorbed in the situation. Their messages to the Tennessee and North Carolina were sent by every available route, to make certain of their prompt delivery.

## RELIEF BY CANADIANS A GODSEND TO BELGIUM

Potatoes are Being Sent to Liege Where They Have None, While Flour will go to Limbourg Where People Have had no Bread for Forty Days—Aid is Requested.

(BY A. P. NIGHT WIRE.)

HALIFAX (N.S.) Nov. 18.—How of Commons today that the relief fund had contributed \$100,000 to the starving Belgians is being applied is described in a special cable message today from the representative of the Morning Chronicle who accompanied the relief steamer Tremorah to Rotterdam with supplies, the gift of the people of Quebec, Ontario and the Maritime provinces.

Cabling from Rotterdam, he praises the work of the American commission, which has the relief work in charge, and to which the handling of the Tremorah's cargo was entrusted.

"The potatoes," says the correspondent, "are being sent to Liege, where they have none. The flour will be sent to Limbourg, a district of 80,000 people where they have had no bread for forty days. The apples and groceries will be sent to Brussels, where it was interrupted by the war."

"Capt. Lucy of the American committee has shown every courtesy to us and to giving Mr. Elderton, the Nova Scotia commissioner in charge, every opportunity to render the utmost aid with Canada's gifts. One thing must be emphasized: The Germans are not asking any of this relief food and clothing, but are giving courteous assistance to the work of relief."

The correspondent emphasizes the urgent need of the Belgians, dwells on the evidence of intense and widespread suffering and forwards an appeal of the commission for further Canadian aid.

## EXPORT TRADE STILL PICKS UP.

Steady Improvement Shown in Ten Leading Ports.

Business on Pacific Coast More than Doubled.

Great Increase Attributed to the Panama Canal.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Nov. 18.—Secretary of Commerce today check on American export commerce as reported from leading ports today indicated a steady improvement in export trade. The figures were \$4,977,923 for the week ending Nov. 14, compared with \$4,411,228 for the week ending Nov. 7, 1914, when trade was not affected by war. Imports yesterday totaled \$4,992,592, which was an increase of \$1,169,195 over the daily average imports of November, last.

Total exports from these ten ports for the week ending Nov. 14, amounted to \$11,122,228 and imports to \$4,411,228, the trade balance for the week thus far being \$25,788,999. Compared with the same week of last year, the total for the week ending Nov. 14, 1914, was \$11,122,228, which was an increase of \$1,169,195 over the daily average imports of November, last.

## SNATCH BREAD FROM SOLDIERS.

# MORE ATTACKS ABOUT YPRES.

Little Progress Reported by Allies or Germans.

Prussian Guards Compelled to Give Back Ground.

Invaders May Seek Coast by Way of La Bassée.

(BY ATLANTIC CABLE AND A. P.)

LONDON, Nov. 18.—The latest communications recording operations on the western front are much the same as those of previous days. There has been fighting all along the front, but with any appreciable change in the situation.

From the coast of Flanders to River Lys, on the Franco-Belgian border, much of which has been held by the allies to hinder German attacks, there has been a repetition on a small scale of the tactics of the invaders, resort to in the hope of breaking the allies' resistance before they could attack, and in isolated spots attacks in force, but according to the British reports, all these have been repulsed.

The Anglo-French forces have been holding the territory around Ypres, have again been subjected to determined attacks, and the troops having attempted to force allies out of their trenches, a which the Prussian Guards, a which they had suffered enormous losses, were compelled to retreat.

MAVE TO WITHDRAW.

As was the case with the Prussian Guards, the German who made the latest effort appear to have been first line of trenches, and the guards, found themselves attacked the tanks and were compelled to retreat, the ground gained after the for a short time.

Both sides, as shown by the communications of the officers, are losing in the fighting, but the German offensive has often ended in success was nearly in their hands, said to have suffered enormous losses, the French Zouaves, who have frequently distinguished themselves in the fighting, have been repulsed, and the German offensive has ended in failure.

These are merely examples of what has been occurring in the fighting, in the Argonne Forest, in the banks of the River Meuse, in the fighting, but the German offensive has often ended in success was nearly in their hands, said to have suffered enormous losses, the French Zouaves, who have frequently distinguished themselves in the fighting, have been repulsed, and the German offensive has ended in failure.

## THE CITY AND ENVIRONS.

### EVENTS BRIEFLY TOLD.

**Classical Afternoon.**—The Latin Classical Club of the Los Angeles High School had a party yesterday afternoon. It was different from most parties in that everyone present, affected, for the occasion, to live about 400 B. C. or some such matter. Ancient Roman and Greek Postoffice is no more.

The postoffice at Alberta, where it is charged former Postmaster William Bailey had his stamp cancellation account to the extent of \$1.55, has been abolished by the Postoffice Department. The patrons of the office located in that part of the Imperial Valley will be compelled to go elsewhere for their mail.

**Pasadena Children's Fair.**—The convention, under the auspices of the missionary education movement, which has been in session in Pasadena since Tuesday, will close with a brilliant pageant, to be given by a large number of children on the grounds of the Raymond Hotel on Saturday afternoon. The public is invited and 1000 seats will be provided.

**Family Night at the Y.W.C.A.**—The Y.W.C.A. has adopted something new in setting apart every Thursday evening as "Family Night" at the cafeteria—designed to be an evening of sociability around the tables. Board members and their families, committees, clubs, educational classes and others, may reserve tables until 8 o'clock. There will be music and sociability during the evening.

**Bible Class Removal.**—Beginning tomorrow evening, the Hadden-Tucker Union Bible classes will be removed to the Y.M.C.A., where they will meet regularly every Friday evening at 7:30 o'clock. Rev. Robert A. Hadden, director, will speak tomorrow evening on the International Sunday-school lesson for next Sunday, the theme being "Jesus and Pilate." The classes are free to all men and women interested in the study of the scriptures.

**Send One Home.**—Concise accounts of the plans of the 1915 General Committee of Los Angeles City and County for Entertainment and Celebration of the opening of the Panama Canal for mailing to the "folk back home" or to the editor of the "old home paper" have been prepared by the committee and may be obtained at either the Chamber of Commerce or at the headquarters of the Federated State Societies.

**Baraca-Philathea Concert.**—A concert will be given this evening in the Y.M.C.A. auditorium, under the auspices of the Baraca and Philathea classes of the First Methodist Church, for the benefit of the convention fund to defray the expenses of the world-wide Baraca-Philathea convention to be held here next June. The programme will be given by Clyde Collier, pianist, and Mrs. Jesse McDonald Patterson, soloist and reader. It is expected that the convention will bring over 300 delegates from all over the world.

**Welcome Home Dinner.**—George W. Marston of San Diego, who recently returned from Europe, will be the guest of honor at a "welcome home" dinner to be given by the State Executive Committee of the Y.M.C.A. Monday at the Clark Hotel. The members of the Y.M.C.A. boards of trustees and the general secretaries in Southern California are expected to be present. J. E. Strupper, State Secretary of the Y.M.C.A., has charge of the arrangements.

**More Federal Stamps.**—Poor housekeepers, looking for a place to locate on cheap government land, are also hit by the new-fangled alleged war tax. Information was received yesterday at the local Land Office that the following schedule of collections in the shape of stamps will hereafter be exacted in the given instances: Certificate of any description, 10 cents; conveyance of deed by which lands or other realty, sold, shall be granted, assigned, transferred or otherwise conveyed, where the consideration or value of the interest in the property conveyed, exclusive of the value of any lien, exceeds \$100, and does not exceed \$500, the tax will be 50 cents; for each added \$500 10 cents. Power of attorney, 25 cents.

**Tours de Laxe.**—Announcement was made here yesterday by Traveling Freight and Passenger Agent Phalon of the Great Northern Railway that the liners Great Northern and Northern Pacific, which are now nearing completion at Cramp's ship yard in Philadelphia for San Francisco-Portland service, will make two tours from the East to West Coast through the Panama Canal, preceding assignment to northern service. The Great Northern will probably leave Philadelphia January 27 and the Northern Pacific February 17. Stops will be made at Colon, Balboa, San Diego, and Los Angeles on these tours.

## —and the Worst Is Yet to Come

## ASKS USE OF THE BROADAX.

NOTHING BASHFUL ABOUT THE GRAND JURY.

Inquisitorial Body Again Demands Heads of Superintendents of County Hospital and County Farm and Inspector of Charities, Charging Inefficiency.

The grand jury filed a report yesterday recommending that Supt. Whitman of the County Hospital be discharged and that Supt. Manning of the County Farm also be asked to step down and out. The report grilled the Board of Supervisors and stated that if the board cannot observe the grand jury's recommendations, its members had better resign. The report was filed in Judge McCormick's office at noon.

The report relates strictly to the charities of the county, and is supplementary to a partial report handed down October 28, in which the jury recommended numerous changes in the various charities departments. The jury says that its recommendations have not been carried out and that no effort has been made by the Board of Supervisors to observe its recommendations. The jury also recommends the removal of H. M. Crane, the inspector of charities.

The report refers to many alleged abuses in the charities departments of the county. In this connection the report says: "On account of the abuses existing in these departments and the inefficiency of the management of the same, and the total disregard on the part of the Board of Supervisors of the recommendations of this grand jury on those subjects, we recommend that the Board of Supervisors either carry out the recommendations of this grand jury or resign from office and permit the appointment of men to the Board of Supervisors who will inaugurate a proper and efficient system of management of the public county charities."

"It is apparent," says the report, "that as long as Dr. C. H. Whitman remains in charge of the County Hospital it will be impossible to induce the Board of Supervisors to compel him to devote his whole time to the service of the county for a definite known salary, eliminating his present perquisites, and we believe that if he should leave the county service that the cause of the failure of the Board of Supervisors to carry out our recommendations would be removed; therefore, for the good of the service we recommend that the services of Dr. Whitman be discontinued. We find that C. C. Manning, superintendent of the County Farm, is totally incompetent to perform the duties of his office for various reasons, among them being the loose manner of caring for county property under his charge and the method of disposing of same; therefore, for the good of the service, we recommend that the services of Mr. C. C. Manning be discontinued. We find that the inspector of charities, Mr. H. M. Crane, is incompetent to manage such department. We therefore recommend that he be transferred to some other department."

The jury recommends that store-room be established through which should be furnished all supplies for the charities institutions. It advocates the creation of a department of charities to be made up of the hospital, farm and relief departments. The jury recommends the discontinue of these departments from the control of individual Supervisors.

## BUSINESS BRIEVITIES.

For quick action drop answers to Times "liners" in Times "liner" boxes in downtown office buildings. The locations of the boxes are printed in the first column of The Times "liner" section.

The motorcycle rider will find a very complete stock of special motorcycle suits awaiting him at Harris & Frank's. Suits with straight trousers at \$7 and at \$10; with riding breeches at \$8 and at \$11. Second floor.

## THE WEATHER.

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, Nov. 18.—(Reported by W. D. Fuller, observer, temporarily in charge.) At 5 o'clock a.m. the barometer registered 30.08; at 5 p.m., 30.08. Thermometer for the corresponding hours showed 63 deg. and 70 deg. Relative humidity, 5 a.m., 55 per cent.; 5 p.m., 28 per cent. Wind, 5 a.m., northeast, velocity 3 miles; 5 p.m., northwest, velocity 10 miles. Highest temperature 80 deg.; lowest, 57 deg. Rain-fall for season, .52 of an inch. Barometer reduced to sea level.

**WEATHER CONDITIONS.**—The pressure is usually high over the entire country, two or three days ago, one over the North Atlantic coast and the second, and greater, over the Western States. Along the Atlantic coast, the pressure is usually high, and the temperature has remained stationary or is less than Tuesday morning, while from the Rocky Mountains to the Mississippi River, the temperature has been falling. The temperature during the past twenty-four hours was (at an inch of fall) as follows: At Los Angeles, the temperature fell from 70 deg. to 57 deg. Rain-fall for season, .52 of an inch. Barometer reduced to sea level.

**LOCAL FORECAST.**—For Los Angeles and vicinity: Fair Thursday; northerly wind, clearing to sunny.

For California south of the Tehachas: Fair Thursday; light northerly wind.

### YEAR

## LONG BEACH RECITAL OF SHAMELESS MEN.

Trial of an Alleged "Social Vagrant" Startles the Populace.

One of Prosecuting Witnesses, by Attorney's Request, Lays His Revolver on Justice's Bench Before Testifying—Officers Tell Amazing Stories—Mayor Wheeler Wants the Truth Published and City Cleaned.

### DIVORCE SUITS FILED

OUTING THOMASES of Long Beach who refused to believe the existence of a certain class of vice in that city, heard in court yesterday the bald stories of the officers who put in jail thirty-one persons on the charge of vagrancy. Herbert N. Lowe, the only man of the officers who refused to plead guilty, listened stoically to the unbelievable details of his alleged relations with Special Officer B. C. Brown.

It was a dramatic and hideous recital, and startled the populace. Into the records of Los Angeles county were read the story of the "904 Club" and the "96 Club," which Officer Brown insisted are made up of male degenerates, and the orgies of which, as he described them, are unprintable. Four police officers gave apparently damaging testimony against Mr. Lowe, a florist in the seaside city. A large crowd sought seats in the courtroom.

There are still sore spots which need attention, although immense pressure has been brought to bear against the officials by church people and business men that the "publicity is hurting the town."

Outside of the story of the "Ninety-six Club" and the "Six-O-Six Club," and of Mr. Lowe's visits to Special Officer Brown in the Lowe cottage, the court session was featured by a number of other incidents.

(Continued on Tenth Page.)

## OPEN THE CANKER AND LET ROTTENNESS OUT.

nothing by suppressing the truth concerning these men. "I want to resent the allegations by friends of Lamb, recently published, that he was told he would be let off easy if he would plead guilty. We had evidence of Mr. Lamb's misconduct, and an attorney and two friends came here and demanded a Police Commission inquiry. We told them that Mr. Lamb must go before the court and be dealt with according to law."

(Continued on Tenth Page.)

## B. Blackstone Co.

Hats of Distinction \$5, \$7, \$10

We ask no more for a cleverly stylish, down-to-the-minute hat than for one that might be taken for a last year's creation—a fact that Los Angeles women are not slow in recognizing—and Los Angeles women know. Look in on this week's Popular Priced line!

## A New Suiting—Checked Broadcloth

One of the late woollens—and one of the handsomest—in the shepherd checked Broadcloth. It's an imported goods of exceptional quality in green and blue, olive and black, olive and brown, and other fashionable color combinations suitable for skirts and suits, or to be combined with plain colors for fancy suits. 54 inches wide, 2 1/2 yard.

## Bags—Stamped to Emb'd Worth Up to 75c at 25c

For your corset, your soiled handkerchiefs, your handkerchiefs and other fancy work. They are made of linen in white, tan or brown; canvas cloth, huck. Useful and reasonable at all times and especially so for the holiday season. Priced formerly up to 75c. Reduced to 25c.

## Stamped Pin Cushions 25c

Round, square or oblong cushions of white or colored fabric and other materials. 25c each, including cushions.

## Best White Wool Blanket We Know of at \$3.85

Approved by all standards this white wool blanket should be \$5.00. The little cotton in it is not there to make it fancy colored border, silk binding. Thursday for one day only, \$3.85 pair.

## Knitted Wool Petticoats

These are given to motoring will appreciate these short petticoats. They have warmth without being uncomfortable without being burdensome, close fitting and sufficiently elastic. White, red, and navy. \$1.25 to \$1.75.

### GREETER'S GREETING.

End Comes to Hotel Man as He Registers Last Guest for the Night and Closes His Books.

The last guest had been registered and John P. Kelly, night clerk, was busy adding up long rows of figures and checking these with names into the big books of the Alexandria early yesterday morning when his final summons came. Heart failure caused him to drop over at his desk and before the few servants around at that hour could reach him he had expired. Medical aid summoned from the house as well as from the outside could render no aid.

Mr. Kelly had occupied the position for about two years. He came to Los Angeles from Chicago, where he had been with the foremost houses, among them the Blackstone, the Victoria and the Congress. For several years he operated his own resort hotel in the Michigan forest district. He came here largely for the benefit of his health.

Arrangements for his funeral are being carried out by a committee of Los Angeles Greeters' Club, of which he was a member. His widow and a grown son are the only near relatives. Interment will be made at Calvary, according to present plans, which are in charge of James Doherty, Edward Malke and J. Y. Bedell of the Greeters.

### Fitting.

## CAMINO UNDER RELIEF FLAG.

Southland Bottom will Carry State's Offering.

Loading for Belgium Begins Within Ten Days.

Contributions Many, but Need Great, Says Appeal.

A Southland steamer, the Camino, will carry the contribution of California to the suffering millions of war-torn Belgium. Word of the chartering of this boat was received yesterday from the San Francisco representative of the American Commission for Belgian Relief.

The Camino is of 5000 tons capacity.

### DR. BURDETTE'S CLOSING HOURS.

Dr. Robert J. Burdette, the great humorist, writer and minister, whose spirit has hovered at the brink of death for the past two weeks, was unconscious all day yesterday, and every hour he became weaker.

Members of his family said last night that although he had put up a hard fight, the end was expected any moment.

His long struggle against the malady which physicians say is incurable gives evidence of his wonderful constitution and of his remarkably strong heart.

### TO DEDICATE NEW CHAPEL.

Pretty Gothic Structure Stage of Pictureque Ceremony by Harvard Military School Today.

The formal opening and dedication of the new Gothic chapel of the Harvard Military School will be the occasion of a pretty and pictureque ceremony on the school grounds at Sycamore and Western avenues at 11 o'clock this morning. The principal feature is to be a dress parade of all the students in the school, supplemented by teachers, alumni and friends. This parade will form at

## NINETY THOUSAND KIDS ALL PLANTING FLOWERS.

Notable Programme for Day After Thanksgiving Announced by 1915 General Committee's Civic Beautifiers—Supply Houses to Give Children Seeds and Plants at Cost—Free Garden Manual to Each.

BEAUTIFYING Los Angeles from the educational standpoint, a movement perhaps without parallel in the school annals of this or any other nation, will have its culmination of effective effort on fall planting day, a week from next Friday. The Mayor has already issued a proclamation setting this day apart for planting, while the 1915 General Committee of Los Angeles City and County on Entertainment and Celebration of the Opening of the Panama Canal and the school authorities yesterday perfected plans to unleash the city's 90,000 school children as beautifiers.

The plans to utilize the enthusiasm of youth in unlocking the dynamic forces of the city's soil is an ingenious one. As each child leaves the schools for the Thanksgiving vacation, he or she will carry a note from the teacher to the parent stating that the one additional day, the 27th inst., was added to the vacation period with the understanding that the child shall plant at least a pack of seeds or a rose or shrub.

### FREE GARDEN MANUAL.

As part of the movement, the 1915 General Committee is preparing to place a copy of a "Home Garden Manual" in the hands of every school child, free. This manual was prepared by representative seedsmen and nurserymen of the city, under the editorial direction of C. L. Schufeldt, of the agricultural department of the public schools. Its purpose is to furnish the child with an easily-understandable guide to planting. But it transcends this purpose. It is a manual that in little space furnishes perhaps as much planting information adaptable to Southern California conditions as may be found in many volumes on the subject.

Also, the manual contains a children's order sheet. With this they may obtain plants and seeds from practically every store or nursery of the city at liberal discounts, two 5-cent packages of seeds for a nickel, for instance, or plants at cost. This concession is the freewill offering of the seedsmen and nurserymen of this city to the cause of beauty.

That the children may be directed right in the work, Supt. Briggs some time ago detailed sixty teachers of recognized attainments in nature subjects as emissaries to the homes of the children. These teachers have already assisted many of the pupils in their planting work, but the assistance

will reach a crescendo of activity in the day from now until the 27th inst. If possible, every home that contributes a child to the city schools will be visited on the day of fall planting.

### MANY PRIZES OFFERED.

Nor is the money incentive to activity lacking, for \$17,000 in prizes for school and home gardens have been offered by the City-beautifying Committee of the 1915 General Committee. For each of the 120 school districts of the city there are prizes ranging from \$5 to \$15 for home gardens and ranging from \$150 to \$400 for school gardens.

More than 4000 children and every school of the city have been enlisted in this contest. With the enthusiasm engendered of fall planting day, it is expected that the number of children entrants will be increased five-fold. Though checks have already been taken on the gardens of the 4000 children entered in the contest to date, this does not mean, according to members of the City-beautifying Committee, that the opportunity for prize-winning has passed. As Mr. Schufeldt pointed out yesterday, so much may be done in Southern California to hasten a garden to perfection that the nine months remaining in the contest closes will probably see grand prizes won by late entrants.

"Millions in beauty for pennies," is a catching phrase on some of the literature issued by the City-beautifying Committee. This phrase was coined in the early stages of the work as a consummation devotedly to be desired. The school-children movement will make it a reality, believe those backing the propaganda. They believe that the children will lead the way, the whole Southland, it is hoped, into a realm where the floral beauty inherent in Southern California dirt will be realized on many fold.

Nowhere on earth has nature so favored any locality as that of Southern California," reads the foreword of the "Home Garden Manual." This manual, it is further set forth, is issued "without apology," in the hope that it "may help a little to give more beauty and better order in the grounds surrounding our homes."

### FOR ALL OF US.

Nor is this text one to be applied only by children, for over in the back are some pertinent words to all of us on the clean-up—December 31 has been set apart for this that Los Angeles may greet the 1915 host with face freshly washed—and no the grounds surrounding our homes."

(Continued on Tenth Page.)

### Cowardly.

## THEY CONFESS TO KILLING.

THREE MEXICANS SAY MARSHAD BROKE UP THEIR CAMP.

And in Revenge "Jungle Inhabitants" Admit They Shot Officer, and to Back up Statements Take Deputy Sheriffs Over Scene and Dig up Hidden Guns.

The three Mexicans arrested Tuesday in the Los Angeles river-bed near Zelzah, charged with the murder of Luther Coulson, City Marshal of Burbank, yesterday afternoon made a full confession of the killing to Under Sheriff Brain and Deputy Sheriff Wright. They will probably plead guilty when arraigned.

Joe and Juan Espinoza, brothers, and Luis Marrone, the confessed slayers of Marshal Coulson, yesterday led Under Sheriff Brain to a spot in a gum grove near Zelzah and pointed out where two revolvers owned by the brothers had been buried in a sand hill. The guns were recovered.

The accused for hours flatly denied the killing of the officer. After eight hours of cross-examination, Juan Espinoza finally broke down and told the whole story. His brother, Joe, weakened a few minutes later and confessed. Marrone held out to the last, but finally wilted when confronted with the confessions of his pals. The three men said they fired seven shots in all, one taking effect in the stomach of the marshal.

At the County Jail where the prisoners are lodged in separate cells, Juan Espinoza stated that Coulson broke up their camp, where they had been drinking and aroused them to fury. He said Marrone fired the fatal shot. Marrone claims he had a 25-caliber revolver, while the bullet which struck Coulson was of .38-caliber.

The officers would not make public the detailed confessions of the accused. Marrone said he would tell his story to the judge.

### NORTHERN LICENSE.

A marriage license was issued in San Francisco yesterday to Henry V. Reblisaw, 24, Carson City, and Stella E. Craig, 24, Los Angeles.

### In sensational Long Beach trial.

At the top is the defendant, Herbert N. Lowe (left), with his attorneys, Swaffield & Swaffield, Roland G. in the middle. Below are the chief witnesses for the prosecution, Special Officers W. H. Warren (left) and B. C. Brown.

actly, 308 feet long, forty-four foot beam, and was launched by its owner, the Craig Shipbuilding Company, in 1912. The Camino is all-steel and is the largest boat ever built in Southern California, as well as the finest owned in the Southland.

Since Swain & Hoyt of San Francisco started their New York-San Francisco service, via this port, the Camino has been under charter to that concern. At present, according to Swain & Hoyt's schedules, the boat is one day out from San Francisco with a general cargo from New York. The Camino's master is Capt. K. A. Ahlin. It will take about a week to unload the Camino's cargo and reload with foodstuffs for Belgium.

The entire cost of chartering the Camino and insurance on the boat

**PORKERS OF  
NEW VARIETY.**

**THEY DON'T EAT GRAIN BUT  
THRIVE ON PLENTY OF  
PENNIES.**

The Coleman House Association has  
taken to raising pork; at least they  
are fattening pigs and need a great  
deal of help as the members have a  
great many of the porkers that are  
kept in the city. The high cost of grain  
need not, however, interfere with the  
process or deter any one from helping  
for these voracious animals will positi-  
vely eat nothing but pennies, those  
despicable little nuisances that seem  
to accumulate in one's purse, so after  
all the pigs, 300 of them are very use-  
ful creatures.

The pennies will be used to carry  
on the work of the Coleman Settle-  
ment House at No. 403 Baughet street.  
In the heart of the foreign quarter.  
These mothers are taught hygienic  
housekeeping, and sanitation, girls  
and boys are taught the essentials of  
good citizenship and how best to help  
themselves.

Mrs. E. C. Vallitt is general chair-  
man of the pig campaign and a meet-  
ing was held at her home Tuesday  
afternoon. Several clubs have vol-  
unteered to turn pigs loose in their  
domain and after fattening them, send  
them home. Within a few days an-  
nouncement will be made of a central  
location where the pigs may be ob-  
tained.

As another means of raising funds,  
which are needed immediately, a con-  
cert will be given under the auspices  
of the association at the Elbel Club  
house on the evening of December 10.  
Mrs. Robert Mackay Moore is chair-  
man of the concert and will be assisted  
by Mrs. Allison Barlow, and Miss  
Louise Wharton.

At this concert Miss Grace Widney  
Maybee, pianist, will be assisted by  
Mrs. Sidney Webb, violinist, and  
Raymond Hamilton, baritone. The  
program will follow the programme when  
punch will be served by the young  
daughters of the members. Mr. Fred  
Hooker Jones has offered to donate  
the punch and other donations are  
coming in. All that is now needed is  
the actual money so vitally necessary  
to the splendid construction work of  
the Coleman settlement House.

Mrs. E. C. Robertson and Mrs.  
Robert Moore have charge of the  
tickets for this concert.

**Los Angeles Daily Times.**

**ELECTION FATE  
DECIDED TODAY.**

**Council to Act on Proposed  
Vote on Charter.**

**Water Board to Answer  
Efficiency Expert.**

**Burks Says City's Waste is  
Two Millions Yearly.**

**THE CITY COUNCIL** chamber this  
morning probably will be the scene  
of a warm controversy over the ques-  
tion of calling a charter election be-  
fore the end of the year for the voters  
to pass upon the proposed city man-  
ager plan and seven other suggested  
amendments to the charter.

The Efficiency Commission will file  
its recommendations and ask that the  
election be called at once in order  
that the proposed amendments may  
be submitted to the people in time  
for the next Legislature to pass upon  
them. City Attorney Stephens has  
computed the time allowed by law  
in which to call an election and holds  
that today is the last day upon which  
the Council may act.

At the same time there is expected  
to be precipitated a hot discussion be-  
tween Jesse D. Burks, director of ef-  
ficiency, and the Public Service Com-  
mission, over the efficiency expert's  
charges that \$50,000 could be saved  
annually by changing the method of  
collection of water fees.

Mr. Burks has sent a report to the  
water board suggesting that instead  
of collecting the rates monthly they  
be collected quarterly, thus deducting  
about \$50,000 annually from the cost  
of collection. The cost of collection  
would thus be shifted from the de-  
partment to the consumer.

**REPLIES TO CHARGES.**

The water board, in executive ses-  
sion, authorized Auditor Anderson to  
prepare a report controverting the  
statement of the efficiency expert,  
showing where the suggestion would  
ultimately result in a loss to the city  
through the increased leak in collec-  
tions due to the removals that would  
occur in the three-month period.

Auditor Anderson is now working  
on a report and will be prepared this  
morning to answer the contention of  
the efficiency expert when the matter  
arises before the Council. Councilman  
Berkowski is very hot under the col-  
lar at the statement of Mr. Burks that  
\$50,000 could be saved annually in  
the water department and probably  
will use the incident in his argument  
against the proposed city manager  
plan and the work of the Efficiency  
Commission in general.

**SPECIFIC WASTE PLACES.**

"It is costing the water department  
over \$50,000 a year to collect the wa-  
ter revenues of the city, more than  
it would cost if modern business meth-  
ods were applied to this branch of the  
public service," said Mr. Burks.

"By reason of unreasonable and un-  
businesslike restrictions upon the  
handling of the city's funds, the city  
loses annually at least \$50,000 in in-  
terest on its treasury balance which  
the treasurer could easily pro-  
duce if the restrictions were removed.  
"By reason of cumbersome, stupid  
and wasteful procedure which is re-

**Los Angeles Daily Times.**

**Under a Constant Strain**

It's hard enough for a healthy man  
to "stick on the job" at times, and  
an aching back makes work a heavy  
burden.

Maybe the kidneys need a lift, for  
many kinds of work tend to weaken  
the kidneys and back.

Work "inside," or in cramped-up  
positions, in constant cold or damp-  
ness, in suddenly changing tempera-  
tures, or amid fumes of turpentine,  
riding a motorcycle, driving a motor  
car or truck, or working on trans-  
—these are weakening to the kidneys,  
and sick kidneys cause backache,  
pains when stooping or lifting, ur-  
inary disorders, dizziness and a tired,  
nervous state.

Kidney weakness isn't hard to cor-  
rect if treated early, but the medi-  
cine will work better if the patient  
will help by avoiding overwork and  
all excesses, eating lightly, using  
little liquor, and taking more rest and  
sleep and a little outdoor exercise.

For your medicine, use Doan's  
Kidney Pills, the remedy with a

record of success over the whole  
world. Don't wait for gravel, dropsy  
or Bright's disease. Start early, be  
faithful, take care of yourself and  
good results should come quickly.

Let E. Reinhardt of W. Jefferson  
street tell you of a personal experience  
with Doan's Kidney Pills:

**LOS ANGELES PROOF**

E. Reinhardt, 1243 W. Jefferson  
street, Los Angeles, says: "It was  
several years ago that I began to have  
trouble with my back. While working  
one day a sharp twinge caught me  
across my loins and I thought I was  
done for. Do loins ached, it hurt, it  
burned. I was stooping, a catch  
darted through me. I tired easily and  
was languid and nervous. My back  
ached and when I got up in the morn-  
ing, I was lame and sore. I was also  
subject to headaches and dizzy spells.  
Doan's Kidney Pills helped me as soon  
as I used them and before long re-  
moved all the trouble caused by my  
kidneys."

burden.

Maybe the kidneys need a lift, for  
many kinds of work tend to weaken  
the kidneys and back.

Work "inside," or in cramped-up  
positions, in constant cold or damp-  
ness, in suddenly changing tempera-  
tures, or amid fumes of turpentine,  
riding a motorcycle, driving a motor  
car or truck, or working on trans-  
—these are weakening to the kidneys,  
and sick kidneys cause backache,  
pains when stooping or lifting, ur-  
inary disorders, dizziness and a tired,  
nervous state.

Kidney weakness isn't hard to cor-  
rect if treated early, but the medi-  
cine will work better if the patient  
will help by avoiding overwork and  
all excesses, eating lightly, using  
little liquor, and taking more rest and  
sleep and a little outdoor exercise.

For your medicine, use Doan's  
Kidney Pills, the remedy with a

record of success over the whole  
world. Don't wait for gravel, dropsy  
or Bright's disease. Start early, be  
faithful, take care of yourself and  
good results should come quickly.

Let E. Reinhardt of W. Jefferson  
street tell you of a personal experience  
with Doan's Kidney Pills:

**LOS ANGELES PROOF**

E. Reinhardt, 1243 W. Jefferson  
street, Los Angeles, says: "It was  
several years ago that I began to have  
trouble with my back. While working  
one day a sharp twinge caught me  
across my loins and I thought I was  
done for. Do loins ached, it hurt, it  
burned. I was stooping, a catch  
darted through me. I tired easily and  
was languid and nervous. My back  
ached and when I got up in the morn-  
ing, I was lame and sore. I was also  
subject to headaches and dizzy spells.  
Doan's Kidney Pills helped me as soon  
as I used them and before long re-  
moved all the trouble caused by my  
kidneys."

# Life's Gentler Side—Society, Music, Song and the Dance—The Theater

## MOVEMENTS IN SOCIETY.

TO BE of service is the privilege of all who long for peace and happiness, and if one is out of the struggle for existence, one can at least help in making it less bitter for others. The charity ball is society's classic affair, and in order to be a success must be in charge of those willing to devote much time and work to the perfecting of plans. Among those in charge of the ball to be given next week at the El Clubhouse for the benefit of the Children's Hospital are Mrs. Stanley W. Guthrie, Mrs. Stanley Vissel, Mrs. Walter Brunewig, Miss Frances Richards, Miss Marie Scheller, Miss Margaret Hughes, Miss Agnes Whitaker and Miss Lillian Van Dyke.

### Pre-nuptial Parties.

Many smart affairs have been given lately in honor of the popular bride-elect, Miss Kate Van Nuy. The entire wedding party, which includes Miss Felsch of New York, Miss Clara Vickers, Miss Gwendolyn Laughlin, Kay Crawford, the best man; Henry Daly, Morgan Adams, Donald O'Mahony, Gurney Newell, the ushers, and the bride and groom, Miss Van Nuy and James Page, was entertained Tuesday evening by George Ennis at a theater party, followed by supper at the Hotel Alexandria. Mrs. Benton Van Nuy gave a delightful week-end party Saturday, the guests motoring to Riverside, where they were entertained with a dinner party and dance at the Glenwood Inn. Other affairs to be given include a dinner and theater party Monday evening, given by the bride's sister, Mrs. Richard Schweppe; a dinner by Mr. and Mrs. Cameron Thom Tuesday, and a dinner party the following Saturday night by Miss Gwendolyn Laughlin.

### Afternoon Tea.

The members of the Cummock Academy, assisted by the faculty, entertained their mothers yesterday afternoon with a tea. The decorations were carried out in yellow and white chrysanthemums. Tea was served in the garden.

### House Guest.

Mrs. Gertrude Ross, No. 1008 Elvaradi street, is entertaining Mrs. Alice Barnett Trice of San Diego, who was her neighbor when she lived in Berlin.

### The Rapparees.

The Rapparees is the name which a number of amateur players, mostly members of the San Gabriel Country Club, have given a dramatic organization they have recently formed. It is their intention to present a half-dozen or more plays and musical events in a series at Alhambra this winter. The first of the series, "The Little Theater," the opening event will take place at the Women's club tomorrow when the members will stage two clever one-act sketches, "In Honor of the Round" and "Pro and Con." Several musical

numbers will also be rendered. Those forming the committee in charge are Mr. and Mrs. W. M. Orr, Mr. and Mrs. Ross Hickox, Mr. and Mrs. Frank Ogilvy Wood, Mr. and Mrs. Alexander Thornton, Mr. and Mrs. Phelps Reed, Mr. and Mrs. J. P. Lawton, Miss Constance Lister, Mrs. Hudson, Wilbur Hall, W. J. Maxwell and Mr. and Mrs. Harry Elliott.

### For Bride-elect.

Miss Gwendolyn Lawton and J. A. Bell of San Gabriel are to be married at the Little Church of Our Saviour at San Gabriel, December 1. Both are prominent members of the San Gabriel Country Club, and they have been the recipients of many complimentary affairs during the past few days. Dinners have been given in their honor by Mr. and Mrs. William Meade Orr, who have recently returned from Pittsburgh to their winter home at Alhambra, by Mr. and Mrs. Ross Hickox, Mr. and Mrs. Alexander Thornton, Mr. and Mrs. Gervaise Purcell and Mr. and Mrs. Hugh Purcell, and many others. They will go to Santa Barbara for their honeymoon and from thence to San Francisco, where Mr. Bell has large business interests.

### Luncheon for Twenty.

In honor of Mrs. Fredrick R. Babcock of Wheaton, Ill., Mrs. Edward S. Easton entertained about twenty guests with a luncheon at the Hotel Darby Tuesday. The tables were decorated with chrysanthemums and autumn foliage. Place cards were souvenirs of Yellowstone National Park.

### Married Yesterday.

Miss Helen Reynolds and Cecil Grigsby of Redlands were married yesterday evening at the home of the bride's father, Merrick Reynolds, Jr., No. 1645 Wilton place, the Rev. Stanley Fisher officiating. The colors pink, white and green were used in the decorations, which included a profusion of chrysanthemums and carnations. Miss Caroline King, daughter of State Senator King, was bridesmaid. William Grigsby, best man, and Mrs. B. F. Hopkins, matron of honor. After an extended motor trip through Northern California, Mr. and Mrs. Grigsby will make their home at Redlands.

### McGable-McPeak.

Miss Louise McPeak and Robert J. McGable plighted their troth for life last evening at the home of the bride's parents, Mr. and Mrs. David McPeak, No. 1119 Arapahoe street. The bride looked dainty and sweet in her gown of white satin, trimmed in duchess lace and over-drape of silk shadow lace with train. Her veil was fastened and caught by orange blossoms. A shower bouquet of lilies of the valley was carried. Miss Louise McPeak, Jr., as best man, supper followed the ceremony, at which Mr. and Mrs. McGable will make their home.

Mrs. Stanley W. Guthrie,

One of those active in perfecting plans for the large benefit to be given for the Children's Hospital at the El Clubhouse next week.

their home at No. 30 Sixteenth avenue, San Francisco.

Home from Europe.

Mr. and Mrs. Akin have returned from an extended European trip and are now stopping at the Gates Hotel.

For the Winter.

Mrs. George H. Kettelle and daughter, Mrs. Fredrick R. Babcock, will make their home at the Rampart apartments for the winter. Mrs. Babcock's home is at Wheaton, Ill.

Holiday Visit.

Mrs. Edward Allen Featherstone, No. 1150 West Twenty-seventh street, left recently for the East, where she will be the guest of her mother, Mrs. Robertson, of Chicago. Mrs. Featherstone will remain throughout the holidays.

Farwell Dinner.

Mr. and Mrs. Waller Chandler, who will leave Sunday for a six-week visit in San Francisco, entertained about twelve of their friends with a farewell dinner party at the Beverly Hills Hotel Monday evening. The two sons of Mr. and Mrs. Chandler, Walter, Jr., and John Allen, will accompany them.

Recent Wedding.

Last Saturday evening at the home of the bride's aunt, Mrs. E. Pockrock, No. 4417 Staunton avenue, was solemnized the marriage of Miss Amelia B. Kosch and E. L. Smith of Elsiebes. Smith left for a two-week wedding trip to Northern California and Oregon before returning to their home in Elsiebes.

WOMEN'S WORK, WOMEN'S CLUBS.

BY AGNES THURMAN.

There is just one sure way to beat hell. And that is by learning how not to suffer.

Women more than men need to know this. Because of their richer emotional nature, their weaker sympathies, and therefore their greater capacity for suffering.

Suffering in itself is no merit. It is ever and always the effect of a cause, and unless it teaches us to eliminate from our lives and activities the cause of suffering, it is a waste of pain to teach. It is the opposite pole of pleasure. Both pain and pleasure may serve the same purpose, they are the opposite poles of the same thing. We may learn the feeling nature of all forms of pleasure by "wearing out" joy. We may learn the feeling nature of all forms of pain by "wearing out" suffering. Literally the soul stands then a heaven that is tired of a hell that is tired of a flame. That is weariness. That is the time that the dweller in the innermost self whispers "Turn to the light. It is neither pleasure nor pain. It is wisdom. It is peace."

And when we refuse to hear "the keen call of the flute to look at the farthest end," the voice that is soundless may not be heard until both pain and pleasure have been worn out. The eyes may not behold the light until they are no longer capable of tears. Until the fullness of tears is known we suffer. Until the fullness of hatred is known, we hate. Until the fullness of sensual love is known, we love with our senses. When we have no more tears to shed, when the passions are burnt to a gray, gray clinder, we may begin to know that their only purpose was to teach us their fullness.

Whatever involves us in suffering is our hostage to fortune. Whatever we demand as pleasure is our hostage to fortune. When we no longer suffer, we are free. Our paths of wretchedness become shining ribbons stretching to the heights that lie wide to the skies. We know whether we are going. We are not swept by pain or pleasure. We move steadily through the great law of our life in peace, deep, sweet and abiding.

Tropics.

Of special interest is the programme which Mrs. Harry Bowman, chairman of the Programme Committee of the Tropics Thursday Afternoon Club, has arranged to give this afternoon at the Star Theater on San Fernando road. Through the courtesy of Charles W. Eschmider, proprietor of the house, the use of it has been given to the club members for the presentation of their programme this afternoon, which will consist of a lecture on the birds of California by Mrs. Harriet W. Myers, secretary of the State Audubon Society. The lecture will be illustrated with stereopticon views. It is expected that the teachers and pupils of Cerritos, Mariposa and Magnolia schools, from third to eighth grades, inclusive, will attend in a body, as an invitation has been extended to them, and largely for the benefit of school children has this lecture been arranged by Mrs. Myers. While the Audubon Society is active in promoting legislation affecting our wild life, it is equally active in promoting an intelligent appreciation among the children of the schools of birds and other feathered folk. The lecture will begin promptly at 2:30.

Wednesday Morning.

A noontime luncheon at the Wednesday Morning Club was followed yesterday by an address on current events by Miss Mary Foy, and a musical programme by Miss Hallie Swarts. Miss Foy touched many of the great problems now confronting the world in her own masterly way. She is a woman of whom California women have every reason to be proud. She expresses the broadest humanitarian policies, the highest social and civic ideals, and while we may not always agree with her politics, as a woman she towers mightily high.

Drama League.

The Los Angeles center has sent out requests to its members urging them to hear Dr. Richard Burton's lectures at Cummock School. The league may well be termed a watchdog of local dramatics. However nothing good escapes its notice and nothing is left unreviewed by its Friday good policy. Dr. Burton's remaining lectures are: "The Theater and the People," "Robert Louis Stevenson."

Friday Morning.

The drama section of the Friday Morning Club met Wednesday afternoon and heard Mrs. Annie Katherine Laidlaw read Giuseppe Giacomini's "The Drama." The dramatic section of this club is one of the most potent factors in dramatic study and culture in the city. This was conclusively shown by a brief review given by Mrs. Benjamin Goldman of the club to the Krotons Institute of Theosophy a short time ago when she presented in a most scholarly and artistic manner Rabindranath's surpassing drama, "Chitra." The talk regarding the dramatic field covered by the Friday Morning Club which she made preceding her programme, was a revelation to many of the seriousness with which club women regard the drama as a social factor and an art form, particularly of the strength and growth of the drama section of the club.

Highland Park Ebell.

The art and travel section, of which Mrs. Herbert Carr and Mrs. W. D. Neil are curators, met November 18. Exposition sculpture was the subject of discussion. Mrs. E. E. Chandler talked about sculptors of past exhibitions and Miss June Thornburg and Mrs. Lucy Tabor talked about sculptors of the Panama-Pacific. A lively interest in the art features of the Panama-Pacific Exposition is manifested by women's clubs, many of them having arranged programmes of the nature of Highland Park Ebell's Wednesday programme.

L. A. Ebell.

The social science section of Ebell meets today at 2 p. m. to discuss Dr. Benton's lecture and consider current sociological topics.

MAY LOSE A LEG.

Boy is Seriously Injured when Hit by a West Jefferson Car Near His Home Yesterday.

Struck by a West Jefferson street car at Third avenue and Arlington street, Junior Mitchell, 5 years old, of No. 2321 West Jefferson street, was seriously injured yesterday afternoon.

Motorman Leeman reported that the boy ran in front of his car while avoiding another. The boy's left leg was so badly lacerated that amputation may be necessary. He was removed to the Angeles Hospital.

The boy's father, Nat Mitchell, is auditor at the Clark Hotel.

Coming.

**"THE WHIP" AT THE MAJESTIC.**

David Warfield in Greatest Play, "The Auctioneer."

"The Right of the Seigneur," Burbank Offering.

Brilliant Stars in Movies and Vaudeville.

"The Whip," a great spectacular melodrama, is to be the offering at the Majestic next week, and the piece is said to have broken all records in Europe, Australia and America for long runs.

The play is a thrilling drama of English sporting life, accompanied by all sorts of spectacular incidents and scenes. There are a horse race and a stage wreck and a scene, brilliantly reproducing Mme. Tussaud's famous wax works.

A whole train is required to transport the scenery and stage accessories.

Mason Opera House.

George Arliss and his excellent company are meeting with great success at the Mason, and will continue during the remainder of the week.

David Warfield comes next Wednesday night and for the remainder of the week in a revival of the most famous of the Warfield comedies, "The Auctioneer," with the great actor once more appearing in his famous characterization of John Law, the lovely old Hester-street Hebrew pedler.

It is eleven years since Mr. Warfield appeared in this role, and is the one in which he made his first great success under David Belasco.

Morocco.

"A Stubborn Cinderella" is proving a big hit at the Morocco and will be continued during the present week. Fred McPherson, a well-known baritone of Los Angeles, is the special feature, singing the famous "Tipperary."

Grace Edmond, Harry Gribbon, Basie de Voie, Neal Burns, Billy Clifton, Ted Wilson, Mae Emery, Edna Clark and the others of the cast are making the production a noteworthy one.

Burbank.

"Ready Money" is scoring a big hit at the Burbank. Beginning Sunday afternoon "The Right of the Seigneur" is to be produced by Oliver Morosco. The play deals with the period of the French Revolution, and is said to contain a wonderful combination of romance and big dramatic situations.

Forrest Stanley and Selma Paley have the leading roles.

Century.

"The Girl Question," a musical play of brightness, is the offering at the Century. The play is a new sketch, "An Unwelcome Visitor," as will "Rube" Dickinson in his engaging monologue, and those three beautiful Lasky girls in living pictures.

The headliner is Joseph Jefferson, son and heir in art of his famous father in William de Mille's play, "Poor Old Jim."

Theodore Bendix and his noted players in their symphony and chamber concert numbers, share headline honors with Mr. Jefferson.

Other new acts are George White, musical comedy singer; Isabelle Jensen, singing and dancing artist; Claude Golden, card manipulator, and Martin Van Bergen, the singing cowboy from Kansas.

Loew's Empress.

Dual headliners will head the new bill at Marcus Loew's Empress Theater beginning next Monday. They are Wormwood's Animals, said to be one of the best animal acts in vaudeville, and the well-known Irish star, Eugene Emmett.

Other feature acts will be the Hippodrome. Four, the popular comedians, Val and Ernie Stanton, George and Lily Garden, xylophonists, and Jay Bogart and Georgia Nelson in a blackface comedy skit entitled, "After the Barber's Ball."

Pantages.

Thanksgiving week at Pantages brings forth Isabelle Fletcher and Charles Ayers in a playlet written for them by Wilbur Mack entitled "Be Game," said to be a phenomenal success all along the circuit.

Other attractions will be Klein's spectacular representation of the Titanic disaster; Saunders and Von Kuntz in "Slices of Travesty;" Lockhart and Laddy in comedy acrobatics, the Rosedell Singers in a musical act, Work and Play in comedy tumbling, and H. M. Bonnell, a local favorite, in his own songs.

Hippodrome.

Ken Victor and his reversible chasm loop, in which he does his thrilling loop-the-loop auto act, headlines the bill again next week at the Hippodrome.

Ted MacLean and Genevieve Lee will offer a brand new sketch called "The Human Law," heralded as a thriller.

Also there is a feature called a "box-making and orange picking contest," and there are The Rosards, gymnasts; Arthur and Sullivan, in songs and dances; Early and Lait, in their last year's success, and Ethel Davis in gowns and songs.

Republic.

"The Drug Terror," said to be one of the most sensational photoplays ever produced, made as the result of Mrs. W. K. Vanderbilt's campaign against the cocaine trust, will be the featured headliner at the Republic next week. It lays bare the innermost secrets of the underworld and shows how the white-slavers and "cocaine fiends" work hand in hand.

Lydia Teasman Titus, the famous child impersonator, and the photoplay

of the dramatic favorite, "Shore Acres," continue popular attractions at the Republic this week. Along with "The Drug Terror" comes a big new bill of Bert Levey vaudeville.

Clune's Auditorium.

"The Escape" will close its successful engagement at Clune's Auditorium this week, making way for "Julius Caesar," a Kline-Cline spectacle said to be even greater than "Antony and Cleopatra." Antony Novelli is seen as Julius Caesar, Giovanna Coste as Mark Antony, Lorenzo Lupi as Pompey, Janette Trimble as Calpurnia and Diana d'Amore as Cornelia.

Clune's Broadway.

If you have a grouch, attend Clune's Broadway this week and view an all-star bunch of comedies and comedians including Maurice Costello, a George Ade fable and a funny playlet entitled "Fixing Their Dada."

Tully's Broadway.

"The Man from Home" is drawing big audiences at Tully's this week and one of the best productions seen here, being considered the best picture that the Lasky Company has so far produced.

Next week "Aristocracy" will be the offering. This is a society play by Bronson Howard. Tyrone Power has the leading role.

Quinn's Superba.

Clyde Fitch's "The Straight Road" is the offering this week at Quinn's Superba. The piece is crowded with thrilling climaxes and overpowering incidents.

Glady's Hanson plays the part of Moll and is capably supported by an excellent cast, who portray the roles of denizens of the slums as well as typical characters of high society.

The Woodley.

"Lois," a mysterious photoplay, adapted from the drama of Owen Davis, will be presented next week at the Woodley, with Clara Kimball Young in the star part. The most fans will remember Miss Young as playing the leading part in "My Official Wife." Weird photography plays a large part as the story is that of

How to Prevent Crime.

"Coming events cast their shadows before," is the theme of the new play, "Lois," which will be presented at the Woodley next week. The play is a new sketch, "An Unwelcome Visitor," as will "Rube" Dickinson in his engaging monologue, and those three beautiful Lasky girls in living pictures.

As soon as these comedies are shown, the audience may be sure to take three of them.

Admission.

Robert Warfield is the man from "The Right of the Seigneur" is to be the offering at the Century. The play is a new sketch, "An Unwelcome Visitor," as will "Rube" Dickinson in his engaging monologue, and those three beautiful Lasky girls in living pictures.

As soon as these comedies are shown, the audience may be sure to take three of them.

LOS ANGELES

THURSDAY MORNING, NOVEMBER 19, 1914.—4 PAGES.

## BARNEY OLDFIELD SIGNS TO DRIVE AT CORONA.

**Go, Whirl!**  
**MASTER DRIVER ON A MAXWELL.**  
Ralph De Palma hasn't Hit Town Yet.  
Nearly all Foreign Cars are Here.

**Hot Practice Expected for Saturday.**  
BY AL G. WADDELL.

Barney Oldfield, master driver of the world, will pilot the Maxwell entry in the Corona road race which was entered with the driver unknown. This statement was made last night by Mr. Edward Wilson, manager of the racing department and special factory representative of the Maxwell Motor Sales Corporation. Billy Carlson, the Los Angeles boy who has been with the Maxwell racing team during the past season, is to be at the wheel of the other Maxwell entry.

The deal between Oldfield and the Maxwell racing manager has been under way ever since the veteran speed king finished in first place at Phoenix last week. Oldfield demanded appearance money and the Corona Racing Association refused. It was Wilson who solved the problem and put Oldfield in the race. Through his appeal to Ray Harroun, now chief engineer of the Maxwell Motor Company, Inc., and personal adviser with Walter E. Flanders, who is a friend and admirer of Oldfield, Wilson was able to meet every term required by Barney.

**NEW MECHANIC.**  
It is probable that Harry Goetz, who is the assistant to Ray Harroun, will ride with Oldfield in the mechanic's seat. Mr. Goetz arrived in Los Angeles last night for the purpose of taking part in the Corona race. Mr. Goetz has always been the mechanic riding with Ray Harroun in his successful races and has also ridden with Bob Burman. He has assisted Oldfield in his racing and is not only an expert mechanic, but a competent driver as well.

Manager Wilson will have two relief drivers of considerable prominence

**HUNDREDS OF DUCKS DYING.**  
The wild ducks of Tulare Lake are dying from the same mysterious disease that killed thousands of them last year. Fish and Game Commissioner Pritchard stated yesterday that buyers of game should take the greatest care to make sure they are not buying ducks shot at Tulare. In spite of the epidemic of disease, the market hunters are sending hundreds of Tulare ducks to the cities.

"A gentleman who has just been hunting on the lake reports to me that the dead ducks are floating in such numbers on the lake that their carcasses look like an island as they lie on the water."

"The disease which is carrying them off is dysentery. It is caused by drinking the stagnant waters of the lake. There seems to be no remedy at hand either to save the ducks from the disease or to save the people from eating the ducks."

**THE FOREIGNERS.**  
The Peugeot cars appeared on the Corona course yesterday with the Sunbeams and Dusenbergs, and the complete line-up of the foreign cars was on hand with the exception of the Mercedes.

Ralph De Palma has been delayed on the road and is expected to reach Corona before Friday afternoon. De Palma has a lot of mail here waiting for him, giving evidence of the fact that he is now overdue.

**POST ENTRY.**  
But one Mercedes is entered at present, but as De Palma is bringing two machines to the Coast, it is believed that a second Mercedes will be chalked up on the boards as a post entry.

John De Palma, a brother of the winner of the Vanderbilt cup race, is coming out for the Corona event also, and it is believed by some of the famous driver's close friends here that both the "Six" and the "Four" will be seen on the Corona course one week from tomorrow.

While training for the races at Santa Monica last spring De Palma

**BRESNAHAN IS CUB MANAGER.**  
Charley Murphy Shows who is Boss.  
Weeghman Can't Buy the Team, Either.

**All Negotiations with Fed Leader Off.**  
[BY A. P. NIGHT WIRE.]  
CHICAGO, Nov. 18.—Developments affecting the Chicago National League club—and through it the state of the baseball war existing between the Federal League and the parties to the national agreement—came fast today.

First was the revelation that Charles F. Murphy, despite his having been "outed" last winter, still has a large influence among those directing the club's affairs; then came Charles P. Taft's declaration of a break in Charles Weeghman's negotiations for the purchase of the Taft interests in the club, and third was the definite announcement that Roger Bresnahan would be manager of the Cubs in 1915.

Murphy's influence became apparent in the success of his fight to keep the Cubs on their West Side playing ground, of which he is a half-owner, with Mr. Taft holding the other half. On returning from Cincinnati, Murphy declared there was no chance for Weeghman's buying into the National League club, and this was confirmed soon after by Taft's announcement that negotiations were ended.

Finally Murphy stated positively that Bresnahan would succeed Hank O'Day as West Side pilot. Partial confirmation of this came later, when President Taft was requested by Murphy to sign a letter to the effect that, over long-distance telephone, to bring Bresnahan to Cincinnati, there to attend tomorrow a special meeting of the club directors, and discuss terms under which he would take over the management.

**Grab It!**  
**GOLDEN CHANCE FOR T. MCAREY.**  
TO STAGE WHITE-WELSH FIGHT IN NEW ORLEANS.

Dominick Tortorich Gets Cold Feet on Account of the Fight. Asked by Charley White—Wants to Put on Joe Mandot Instead. Fans Yell for a Live Promoter.

[BY NIGHT WIRE—EXCLUSIVE DISPATCH.]  
NEW ORLEANS, Nov. 18.—There is just one hope for a White-Welsh match being pulled off in this city and that is a new fight club, one that will be under the direction of either Tom McCarrey of Los Angeles or Charley Harvey of New York, for Dominick Tortorich has changed his mind. He does not want the match.

This much was learned from Tortorich's agent tonight. Tortorich could not be found. That \$5000 guarantee for White and that \$12,000 demanded by Mr. Welsh is the stumbling block and now it seems as though the best fight card on the pugilistic horizon is going to slip by the boards for the want of a "live promoter."

"White" has fought here four times," Tortorich's agent stated. "He beat Frankie Russell twice and was beaten twice, once by Jack Britton and again by Johnny Dundee. We don't think White would be worth \$1000 just now and as for a White-Welsh match, it would not draw \$4000. However, a match between Joe Mandot and the title holder might be different."

Last Sunday Mr. Tortorich said that he had already started negotiations with Welsh and White. He even went farther and said that terms with both battlers received in Milwaukee, would be acceptable to him, which would mean that White get 27 1/2 per cent, and Freddie 45 per cent.

McCarrey said last night that he thought he would accept the invitation to go to New Orleans, and, in that event, would make every effort to stage a fight between White and Welsh. If McCarrey goes, his partner, Al Greenwald, will go with him. Greenwald is originally from Oroville, and has many relatives in New Orleans.

**NO CLASS TO BIG LEAGUERS.**  
FAIL TO EXCITE POPULACE OF SACRAMENTO BY THEIR ABILITY.

[BY A. P. NIGHT WIRE.]  
SACRAMENTO, Nov. 18.—In a featureless and rapid exhibition the All-Nationals defeated the All-American baseball tourists here today, 9 to 4. Bill James, the Boston hero, was given a big ovation by a large delegation of his fellow-townsmen from Oroville. James fanned eight and walked none. Mitchell of Cleveland, pitching for the Americans, tripped along his stage a fight between White and Welsh. James fanned eight and walked none. Mitchell of Cleveland, pitching for the Americans, tripped along his stage a fight between White and Welsh.

Score: Americans, 4; hits, 15; errors, 6. Nationals, 9; hits, 11; errors, 7. Batteries—Mitchell and Henry; James and Killifer.

Harry Burns.

## HARRY BURNS TO REVIVE WRESTLING PRETTY SOON.

**HARRY BURNS**, who has resigned from the position of the most booted prize fight referee alive, is to become a wrestling promoter.

He says his first match will be staged after the Christmas holidays, and Pleasant Smith, the well-known wrestler, will again defy Dan McLeod to open the excitement.

The redoubtable Pleasant wrestled Dan McLeod in Imperial Valley last winter, and to his own astonishment, threw the veteran in two straight falls in such rapid succession that Dan may be said to be just bounced up and back again. It may be added that the valley had not voted dry, and neither had Dan.

**Good-night, Rugby.**  
**POLY STUDENTS FORM TWO AMERICAN FOOTBALL TEAMS**

**POLY HIGH**, the staunchest defender of Rugby, suddenly burst into the American game yesterday.

Capt. "Red" Wilson had two teams practicing, and hopes to have four before the week is over. The plan is to have interclass games like Hollywood.

"The sentiment at Poly is for the American game," said "Red" Wilson last night. "If it was put to a vote of the students Rugby would be kicked out. It's great to be back at the old game. I always liked it best."

**Rah for T-Bone!**  
**AMATEURS TO BOX BEFORE T-BONE RILEY'S NEW CLUB.**

**THE noble art of box fighting** is to be kept alive, even if T. McCarrey does go to New Orleans, also the name and fame of T-Bone Riley is to be perpetuated forever.

An application was filed yesterday with the Secretary of State in Sacramento for an amateur boxing club to be established in Los Angeles under the name of the T-Bone Riley Club of Los Angeles. The promoters are Clyde Van Hoose, Frank Jacobs and Roy Page.

Roy Page, who was one of the best and pluckiest of semi-wind-up fighters in his day, will be presiding genius of the new club. He explained the objects of the new club last night.

On account of changed financial conditions, the plan is now to have the races between horses owned by different business men, and raced by the owners. It is the plan to devote the entire sum of the money taken in at the gate to a fund from which the purses will be paid.

McCarrey's idea is that it would be a paying investment for hotel keepers and amusement magnates and other persons who profit from the annual visit of the tourists, to provide race horses for this scheme.

**M'CAREY HAS A NEW PLAN TO REVIVE HORSE RACING.**

# Jimmy Coffroth Oppines Harry Wills Will Cause Trouble.

**SAM LANGFORD  
HAS SOME JOB.**

*Coffroth Thinks Wills is a  
Tough Guy.*

*Tham Buys a New Cow After  
Each Battle.*

*Jack Doyle to Give Boxing  
Benefit.*

BY DE WITT VAN COURT.

According to Jimmie Coffroth, the well-known San Francisco boxing promoter, Sam Langford will have more than his hands full to win Harry Wills Thanksgiving Day. Coffroth likes Wills to the extent that he is seriously considering backing the big fellow. His work up in San Francisco in the four-round game has given him a big boost in the coming contest, and many of the Frisco boxing fans will back him to beat Sam.

Wills is in great condition and Sam is fat, but the latter and his manager, Joe Woodman, both claim he will be right by the time he enters the ring. Langford has just one week to take off a lot of superfluous weight, and he may do so, but he will surely have to work some. Sam was more concerned over the report that he was showing down in San Diego with big Jim Cameron than he was over his chances to beat Wills, yesterday afternoon.

He said: "I was guaranteed \$1200 to meet Cameron, and they did not want to pay me my price after losing it to me. I would be foolish not to hold out, as you know I am not in the game for the love of boxing; it is the money I am after. I have always kept my word, just as my manager, Mr. Woodman, has always done, and they paid me, or I would never have gone on with Cameron. It is not my fault that Jim quit; that part of it was up to him."

Sam proudly showed a receipt for \$600 that he sent his wife the day after the contest. "I always send my wife money after each contest I engage in, and buy a new cow with some of the money."

Joe Woodman bought Sam a sixty-four acre farm near Millford, Mass., last year. His farm is about fifteen miles from John L. Sullivan's. He has 600 chickens, eight cows, three calves, three horses and a small truck farm.

The farm is being worked by a colored man and his wife, and he sells quite a few dozen eggs and vegetables every week.

After each contest he names his new cow after the man he boxes, win or lose. So far he has Mrs. P. O. Curr, Mrs. Joe Jeannette, Mrs. Perle Fern, Mrs. Jim Johnson, Mrs. Roush-house Ware and Mrs. Bill Watkins in his "bosom" corral, and says he intends to add a few more before the year is out. Sam says they are a bunch of ladies of class and never give him half the trouble that some of the fighters they are named after.

He also says he knows little about farming, but his manager, Joe Woodman, has bought him a bunch of books on agriculture that he passed his time in studying, and some day will be one of the best farmers in the State of Massachusetts.

Jack Doyle will pull off a benefit show for the Children's Hospital next Sunday afternoon at his training camp, and every dollar taken in at the gate will be donated for the little ones. The Trustees of Vernon have granted Jack permission to charge admission, and he has so many boxers who have offered their services for the show that he is expected to start promptly at 2 o'clock. An admission of 25 cents will be charged, and the best of order and a fine programme is guaranteed. Ladies are also invited to attend.

Benny Palmer and Tommy McFarland have been matched for a twenty-round go at Yuma, Ariz., on Thanksgiving Day.

**BRONCHO BILLY  
AFTER THE OAKS.**

**THEATRICAL MAGNATE WANTS  
TO GET INTO OAST  
BASEBALL.**

G. M. Anderson, moving picture and theatrical magnate, better known as "Broncho Billy," will make a bid for the Oakland club.

It is not known positively that President Leavitt and his associates care to sell, but it is believed that they might consider an offer as they were pretty badly beaten in the region of the pocketbook as a result of the poor attendance this season.

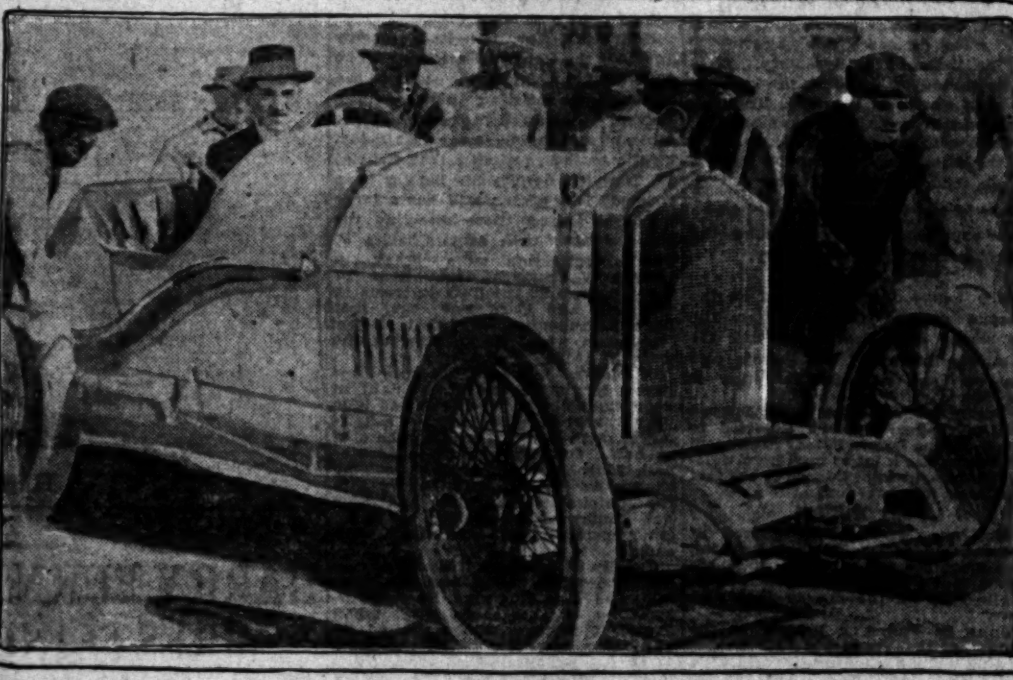

Anderson tried to land the San Francisco club, but the Berry and Brothers and Stephens beat him to it by securing a thirty-day option.

**MAGEE GIVES A  
TEN-DAY NOTICE.**

**REARVIEW ST. LOUIS PLAYER  
WILL JUMP TO THE  
FEDERALS.**

ST. LOUIS, Nov. 18.—Tom Magee, infielder for the St. Louis Nationals, today served a formal ten-day's notice to the club that he would consider his services to the club at an end at the expiration of the ten-day period. It is believed here Magee will join the Federal League.

Tonight President Britton said: "I am told that Magee has an offer from the Federals of a three-year contract at \$6000 a year and a \$1000 bonus."

The arrival of the Peugeot team.

Above, the baby Peugeot which is used as a service car. This small machine has a speed of more than sixty miles an hour. At wheel is Ed Rickenbacher, Peugeot driver. On seat, Reeve Gartmann, manager motor car department of Hawley, King & Co., and on rear, Frank Lowry, assistant to Starter Fred J. Wagner. Lower cut shows crew of mechanics unloading one of the fast Peugeot racers at Corona with Rickenbacher at the wheel.

**Oldfield Maxwell Driver.**  
(Continued from First Page.)

had but a few hours on the course before the start of the race, as his car was delayed, and when it did arrive he burned out a bearing in the first practice and was only able to get his machine ready to start by working all night with a corps of mechanics.

The fact that he will have but three and possibly two days to prepare for the 240-mile event on the fast course will make little difference to De Palma. The Mercedes pilot knows the course well, having driven a Mercedes in the Kielt annual Circle City classic a year ago last September, and he is always ready to go into a race even if he arrives on the course but a few hours before time for the start.

While the foreign cars are attracting a great deal of attention, the American-built racers are coming in for a large share of attention, and the odds really favor the Yankee racing teams.

**NOT SO FAST.**  
It is claimed that the Stutz is not as fast as the foreign creations, but the Indianapolis-built machine has always been able to give a good account in any race since Barney Oldfield captured the Los Angeles-to-Phoenix event with the machine which he drove across the line on the Indianapolis Speedway ahead of all other American cars. The Stutz trio is figured heavy in the dope columns.

The name of the third Stutz driver is still a mystery. Earl Cooper, winner of the 1913 Corona race, and Arthur Klein, the younger who drove the fast King car at Indianapolis, are sure things in the lists, but the other driver has not been named, although Walter M. Brown has entered the car and paid the entry fee.

**GOING TODAY.**  
The King car entered by the Barle Motor Car Company is to go out to Corona either today or tomorrow, and it is an acknowledged fact that Guy Ball, the driver, will be at the wheel of one of the fastest cars on the course when he opens up in his first workout.

The Mercer team, under the management of George Bentel, is to establish headquarters at Del Ray Hotel at Corona this morning. The three Mercer drivers, Eddie Pullen, Louis Nikrent and Guy Ruckstall, have been putting on the finishing touches and their cars are now pronounced faster than any American cars entered in the race, by Bentel and his followers, although the Maxwell and Stutz teams dispute the claim.

**SOME MECHANIC.**  
One of the features of the Mercer team is Pullen's mechanic, Tommy Morris, known as the speed king of the Northwest, is to sit next to Pullen through the long race. Morris is a racing driver of quite some reputation and he owns a Mercer racer which he has driven in the north coast meets, but Pullen believes that a good mechanic is a valuable asset to any racing driver and imported young Morris especially for the Corona race.

**THE MARMON.**  
A great deal is expected of the two Marmon entries to be piloted by Wilbur D'Alema and A. A. Caldwell. D'Alema is said to be one of the most fearless drivers in the country and will have a chance to show all he has in the Corona race, according to some of the men who will drive against him.

Huntly Gordon has his Gordon Special doing close to 100 miles an hour now, and the little white machine is figured as a dangerous number in the Thanksgiving Day classic.

The Berdell Special remains the mystery car. The speed of the machine is not known, but it is a known fact that the special racer is feared.

**HOT STUFF.**  
While there will be a speed session with wheels at Corona this morning, the practice tomorrow and Saturday will be the best of the pre-race season, according to the race management. It is quite probable that the drivers and their mechanics will be easy on their cars Monday and Tuesday, the practice days of next week, but tomorrow and Saturday tires and cars will be punished in the training for the great race.

**Big Purse for San Diego Race.**

**SPEED DEMONS TO TRAVEL ON  
POINT LOMA COURSE  
NEXT YEAR.**

(BY DENNY WARD—SPECIAL DISPATCH.)  
SAN DIEGO, Nov. 18.—The \$15,000 purse has been guaranteed for the San Diego exposition race on the Point Loma course, January 9, under the auspices of Al Bahr Temple of the Shrine. Barney Oldfield will be one of the entrants and many other speed kings will enter. A. M. Young will direct the race.

Miami, Fla., may witness the American motor heading speed boat race as a part of the midwinter regatta in January, next.

**For the Trip.**

**WHITE SOX AND GIANTS  
WILL BE HERE NEXT YEAR.**

(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

NEW YORK, Nov. 18.—Manager John McGraw of the Giants bobbed up today from a month's vacation in Maryland. He announced that he and Comiskey intend to take the White Sox and Giants to South America next winter.

"We probably will visit the Panama Exposition in Panama City," McGraw said, "and then sail from that city to the canal. Ted Sullivan will arrange our tour, which will take in all of the leading South American cities."

"I think the National League would make a mistake in allowing Wagh-

man to buy the Cubs," the Giants' manager continued. "In my opinion the whole Federal League is through and ought to be left to die a natural death. I don't see why organized baseball should take these fellows in after they have done their best to kill the game. In Baltimore, which was the Fed stronghold last winter, the impression prevails that everything is off. The fans in that city are prepared to have their club go into the International League again. Ned Hanlon isn't saying much, but I hear that he has attended several secret meetings in this city within the last two weeks."

Let's Hope So.

**BASEBALL SITUATION TO  
BE CLEARED UP PRONTO.**

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Nov. 18.—After weeks of bickering, reported options and rumors of franchisees for sale, statements made here today by Henry Berry, part owner of the Los Angeles club, indicate that Coast League baseball affairs will soon settle down to customary winter quietude and that the present circuit will be intact when the season of 1915 opens next spring.

Business of locating the forfeited Sacramento-Mission franchise has occupied the manager's attention since the close of the season. Now, they believe that matter will be disposed of Monday night, when a mass meeting in Sacramento will be held to seek ways and means to raising the \$20,000 necessary to retain league representation for that city. Berry thinks the money will be forthcoming.

"If present plans carry," he said today, "Tom Stephens, my brother Clarence and myself will purchase the San Francisco club, and will locate here on a new field. Tom Darmody and two other Los Angeles men will buy the Los Angeles franchise. The Sacramento-Mission franchise, I believe, will return to the capital city."

"Those are the only changes that will take place. Jack Cook and Frank Leavitt have assured me that no negotiations are going on for the sale of the Oakland club, and that they do not intend to sell. Ed Mayer will continue with the Venice club and the McCredies will stay in Portland."

After a conference with J. Cal Ewing and Frank Ish, owners of the San Francisco club, today, Berry stated that terms for the transfer of the franchise had been agreed upon and all that stood in the way of closing the deal was the lease on Ewing field.

Because of climatic reasons, Berry and his associates wish to return San Francisco baseball to the Mission district. Fairness at Ewing field fell off appreciably during the season recently ended.

Occidental plays Yale style of open football.

THE Yale-Harvard and Occidental-Pomona football games which are to be played Saturday resemble each other to a remarkable extent. Occidental and Yale play the brilliant open game. Harvard and Pomona play hard, satisfactory football. The Tigers and Bulldogs are liable to pull off the most sensational victory

Comparison.

## OCCIDENTAL PLAYS YALE STYLE OF OPEN FOOTBALL.

THE Yale-Harvard and Occidental-Pomona football games which are to be played Saturday resemble each other to a remarkable extent. Occidental and Yale play the brilliant open game. Harvard and Pomona play hard, satisfactory football. The Tigers and Bulldogs are liable to pull off the most sensational victory

of the year or meet the most dismal defeat. The Crimson and the Hums will play good football whether they win or lose.

Yale ran up her nineteen points against Princeton with far more ease than Harvard made her twenty against the same team. Three successive quarters of wide-open, sensational football sufficed to give the Bulldogs three touchdowns. Then, in a moment, the Blue men lost the combination and were carried off their feet by the determined onslaught of the Tigers. Only the fact that time was short saved Yale from a defeat.

When Harvard met Princeton there was an absolutely different story. Four times the season it has been down the field. Not in the sweeping, startling rush of Yale, but in slow measured tread. Nobody made more than five or six yards at a time.

Twice the Tigers braced and the Harvard machine failed to make distance for three successive downs. Absolutely undismayed, the Crimson half-back Mahan dropped back and kicked a field goal. It had been just a question of points. They were going to score anyway. They couldn't make six, so they took three.

Throughout the season it has been the same story. Harvard always gets there in the same old way. When stopped by an opposing team, the Crimson accept it as a matter of course, remain on the defensive until they get the ball and then start another persistent march towards the opponent's goal.

Yale has the fastest scoring machine of the eastern colleges. Once they get going they are terrors. But when somebody breaks up one of their triple passes they falter, somebody is tackled behind the line and the whole offense falls flat. They are as bewildered as children whose new toy for the first time fails to work.

Harvard is the most perfected machine of the bunch. Everything is looked out for. Every time Harvard crosses the line, goal is kicked. When Harvard tries the forward pass, it always works. The Yale forward passes for five.

With Occidental and Pomona it is the same story. The Tiger scores come in wild bursts of speed.

Pomona follows the Harvard rule. A three-yard gain every down keeps up the spirit of the Pomona man and eventually brings a score.

Fenway Park, the home of the Boston Americans, will be the scene of the Dartmouth-Syracuse football game Saturday, November 21.

Scovill scores for Yale. This photograph shows the great interference built up for the Yale runners. Scovill, the man with the ball, has already crossed the line and is in the hands of two Princeton men. Of the twenty-two men on the field, eleven are on the ground, showing the ability of the Yale men to spill their opponents and put them out of the play.

## Ruggers to Fight for the Title.

POMONA RUGGERS ARE IN SHAPE.

HAVE RECOVERED FROM THEIR INJURIES OF LAST WEEK.

(SPECIAL CORRESPONDENCE.) POMONA, Nov. 18.—Coach Clinton Evans had the local Rugby team out for practice this afternoon and is continuing regular training for the big game to be played on Saturday with Manual Arts at Washington Park, Los Angeles, to decide the interscholastic Rugby championship of Southern California.

## "A Bas Rugby" Shouts Bovard.

NOT A CHANCE FOR ITS LIFE.

RUGBY IS A GOOD GAME, BUT AMERICAN FOOTBALL IS FAR BETTER.

BY WARREN R. BOVARD.

Rugby football stands as much chance of capturing the United States as Germany does of sinking the British Isles. Anyone is willing to admit that Germany has "shown something," but very few of us have been shaken from the belief that she has started something she cannot finish.

I am not with the average easterner who claims that Rugby is a "mess." On the contrary, I think it is a mighty good game. It has undertaken to prove, however, that it is better than the American game. Most of us can't quite see how it is going to finish the task, but like Germany, it is good enough to be a "continual source of annoyance" for some time yet.

The discussion of the merits of the two games might grow very tiresome were it not that each season some school or set of schools begin to fear that they have been following false prophets.

Last year the University of Southern California had what we consider a winning Rugby team. Holding Stanford to a small score and tying California gave us much satisfaction. This year we lost at the American game, I have heard it said that when a school wins at a certain game that game becomes very popular, and vice versa. If this be true, whatever prejudice I have should be in favor of Rugby. Maybe that is why I am unwilling to admit that a Rugby game is always a mess.

I believe that about one game in ten of Rugby is well worth watching from the standpoint of a non-partisan spectator. The other nine are made up of a series of scrums and line outs. About six out of ten games of the American version, with its complicated and scientific maneuvers, interest even a rabid Rugby fan. Both games interest the rooters for one side or the other because they are interested in winning more than

## Harvard Meets Yale.

INJURED STARS ALL OUT AGAIN. YALE LINE-UP TO REMAIN INTACT.

HARVARD'S VARSITY SQUAD HAS RED HOT WORK IN PUBLIC.

(BY A. P. MOTT WIRE.) CAMBRIDGE (Mass.) Nov. 18.—The gates of the Harvard stadium, behind which the Crimson football team has been finishing off its preparations for the game with Yale on Saturday, were opened to the undergraduates today to give them a final view of the eleven in action before the big battle.

A thousand members of the student body, headed by a band, cheered the team, its captain, Coach Haughton, and each of the regulars.

Capt. Brickley ran through signals as did Ernest Soucy, also just off the sick list. Weston, who has been expected to be in the line-up against Yale, was again absent from the team. The coaches think he will be able to play Saturday.

Changed.

## Trojans Play Aggies at Tacoma Thanksgiving.

U.C. will play the Oregon Aggies in Tacoma instead of Portland. The Commercial Club of Tacoma has decided to make that game between the North and the South the feature of its Thanksgiving program.

The game will be played in the stadium which seats 25,000 persons. The Commercial Club secretary predicts that part of the crowd will have to be turned away. That will be the largest crowd that has ever witnessed a southern football variety in action.

The Trojans will be gone just a week and a night. Manager Warren Bovard says that the trip will be the longest and most elaborate of our southern team. The football party will consist of seventeen players, yet to be named, Coach Glass, Graduate Manager Warren Bovard and Student Manager Fred Watkins.

The Trojans will leave in a private car from the Arden Station at 7:30 o'clock Sunday evening. Their car will be side-tracked in Tacoma Wednesday morning. They will be guests of the Commercial Club. Coach Glass has made arrangements to hold a light signal drill in the stadium that afternoon.

Immediately after the game, the Trojans will start south. It is likely that the following men will make the trip: Capt. Davis, Fred Kelly, Lund, Elmore, Len Livers, Holloway, James, Taylor, Tipton, Craig, Bailey, Sprout, Hanna, Lucas, Leo Livers, and Teasdale. Orley or Rappie are fighting it out for seventeenth man. The faculty threaten to keep James and Craig from going because they are down on their studies. Lund may not go because he is a medic and cannot afford to miss a week.
